CHICAGO POLICE SIFT UNEXPLAINED CRIMES

LEOPOLD-LOEB INVESTIGATION WIDENS COURSE

"NO TELLING WHERE IT WILL LEAD," SAYS STATES ATTORNEY

"\$15,000,000 DEFENSE" TRYING TO SAVE RICH CHICAGO YOUTHS

(By United Press)
Chicago, June 3.—Nathan Leopold and Richard Loeb, who have finally passed over "the bridge of sighs" and are held securely in the county jail for the first time on charges of murdering Robert Franks, 14-year-old school boy, may be connected with another murder, a brutal gland operation and possibly other crimes, it was indicated today at the office of State's Attorney Robert E. Crowe.

Charles Ream Makes Charges
Charles Ream, a taxicab driver, who six months ago was attacked by two mysterious assailants, identified Leopold and Loeb as the two youths who made him prisoner and gagged him with an ether-soaked rag. Ream said he was positive of the identity and promised to make formal charges against the youths.

Tracy Murder Investigated
Aids of Crowe meanwhile are investigating possible connection of the two "super-intellectuals" with the murder of Freeman Tracy, another University of Chicago student. The Tracy murder on the evening of November 25, 1923, was never explained.

"Leopold and Loeb—I knew them when I first saw their pictures in the papers," Read said. "It was Leopold who held that ether bandage under my face."

"Do you think I could forget the faces of the men who took so much out of my life?"

Fresh Sifting of Unexplained Crimes
With Ream's identification of Leopold and Loeb as his attackers, authorities announced they would investigate every recent unexplained crime on Chicago police records in the belief that the millionaire college students may have been connected with them. Several murder mysteries, gland operations and high banditry will be investigated.

"There is no telling where our investigation will lead us," Crowe said. "These boys, if they are capable of kidnaping an innocent school boy and murdering him, may be guilty of many other crimes."

State's Attorney's Theory
Crowe indicated that the two "brilliant college students" possessed with the belief that they were "too smart to be found out," may have started on a prolonged adventure in crime to satisfy their ego. If this is so, it is possible that they may have started in minor offenses, going step by step to greater crimes, climaxing in the murder of Robert Franks, which finally led to their downfall. Young Leopold and Loeb were taken last night through the long gloomy tunnel that leads from the criminal court to the county jail.

To their attorneys who are making a desperate effort to save them from the gallows it was a victorious march which led the two boys away from their inquisitors to the confines of the jail where they would be permitted to consult with lawyers and advisors. To the boys it was a sorrowful procession—a march that ended behind strong iron bars in a cell much like other cells where murderers, thieves and other criminals are lodged.

Leopold Breaks Down
One by one three iron doors were closed behind the two boys. When the last one swung heavily on its hinges and the steel bolt was slipped quietly into its place, Leopold broke down. The spirit that had been debonair and haughty crumbled under the weight of those doors.

"Three doors—three steel doors," he whispered softly to the deputy sheriff. "My God, I never thought it would come to this."

Loeb, more broken, weaker by far than his comrade, walked slowly, his hands deeply buried in his pockets. The "\$15,000,000 defense," led by Clarence Darrow and financed by the

Further Tax Reform as a Big Campaign Issue

ALBANIAN CAPITAL FALLS INTO HANDS OF REVOLUTIONISTS

(By United Press)
Athens, June 3.—Unconfirmed dispatches from Albania today declare that Tarana, the capital, is about to fall into the hands of revolutionists.

CHARGES TOWNSHIP FUNDS WERE USED ILLEGALLY

(By United Press)
Hibbing, Minn., June 3.—Charges of Garfield W. Brown, state public examiner, that public funds of Balkan township, St. Louis county, have been used illegally, may go before the grand jury here today.

C. H. Johnson, assistant county attorney, was expected to present a copy of the report of the examiner to the grand jury in case he could round up enough witnesses.

Brown presented his report to Governor Preus yesterday and sent a copy of it to Mason Forbes, St. Louis county attorney, who has just left a Duluth hospital after a long illness. Johnson also received a copy.

The charges as recited in the report involve the township board and many prominent residents of Chisholm, township seat.

Use of public funds for personal and private ends was charged.

NATIONAL 3RD PARTY MEET HAS SETBACK

DR. WM. A. SCHAPER RESIGNS FROM COMMITTEE OF ARRANGEMENTS

HE AND MAHONEY WERE LEADING ORGANIZERS OF CONFERENCE

(By United Press)
St. Paul, June 3.—The national third party convention called for St. Paul June 17 suffered another setback today when Dr. William A. Schaper, Minneapolis, withdrew from the committee of arrangements.

Schaper and William Mahoney were the leading organizers of the conference.

Dr. Schaper also is a candidate for the farmer-labor party nomination for governor. He was recently endorsed by the communists. Today he repudiated that endorsement, which he claimed was "put over by my enemies."

"Extreme radicals are not the hope of democracy," he said. "They are the ones who have despaired of making fundamental changes through the process of democracy."

Falls Asleep on Water Wagon; \$6 Claim Asked

St. Paul, June 3.—It may cost the city of St. Paul \$6 because one of its employees fell asleep on the water wagon.

This at least is the sum asked by E. R. Waller, 1724 Laurel ave., who charges that the left rear fender of his sedan was "bruised and slightly bent" when the driver of a sprinkling wagon ran into it in front of his home.

Mr. Waller charges that the driver, whose name was given as Carl Chakow, was asleep.

The claim was referred to C. F. McNally, city attorney, for investigation.

millions of their fathers, was hard at work today, devising some plan by which it was hoped to save the boys from execution. Insanity probably will be the defense.

Seeks First Degree Murder Indictment

The county grand jury was to convene today, and State's Attorney Crowe was prepared to ask immediate indictments against Leopold and Loeb on counts of first degree murder.

HENRY FORD'S OFFER FOR MUSCLE SHOALS

SENATE AGRICULTURAL COMMITTEE REPORTS ON THE SAME

SAYS FORD'S OFFER WOULD BE TO BEST INTERESTS OF PUBLIC

Congress Today
Senate: Votes on adjournment. Mayfield investigation.
House: Votes on McNary-Haugen farm relief bill.

BULLETIN

Washington, June 3, 2:25 P. M.—Senator Robert M. LaFollette was voted down today in the senate in an attempt to prevent adjournment of congress on June 7 so that action might be had on farm relief and railroad rate legislation. The senate rejected his resolution which would have called for a return of both houses after a month's recess.

Washington, June 3.—Acceptance of Henry Ford's offer for Muscle Shoals would be to the best interests of the public, while government operation of the project would be a "costly adventure," the minority report submitted by the senate agricultural committee today declared.

The report was signed by Senator Ladd, republican, North Dakota, and Senators Heflin, Alabama, Harrison, Mississippi, Caraway, Arkansas, and Smith, South Carolina, all democrats.

IMMEDIATE CONSIDERATION OF MUSCLE SHOALS BLOCKED

Washington, June 3.—An attempt by Senator Underwood, Alabama, to obtain immediate consideration of the Muscle Shoals legislation was blocked in the senate today by Chairman Norris of the senate agricultural committee.

Norris declared that if congress agreed to adjourn Saturday he would not call up the Ford offer and his bill for government operation of the project.

"If we adjourn Saturday," Norris said, "it would be a physical impossibility to take up the Muscle Shoals question now and complete it by that time. The way to disposition of the Muscle Shoals question at this session is to vote down adjournment."

MENARY-HAUGEN FARM BILL DEFEATED

Washington, June 3.—The McNary-Haugen farm relief bill, principal measure proposed by the farm bloc, for agricultural aid this season, was defeated by the house today.

An attempt by friends of the bill to diminish opposition before the final vote by restricting the scope of the measure to wheat, flour, swine and food products thereof was defeated 154 to 224.

The failure of the bill to pass left the farm bloc members without any program other than to resist adjournment in the senate until a satisfactory substitute can be drafted.

WIFE KILLER TO STILLWATER

IN 10 DAYS MILLS OF JUSTICE ACT IN CASE OF WADE E. MALTBY

St. Paul, June 3.—Wade E. Maltby, who shot his wife five times when she told him he was a coward and afraid to shoot, went to Stillwater prison for a life at hard labor last night.

It took only 10 days for the mills of justice in Dakota county to grind out the sentence for first degree murder.

SIEGEL LOSES 2 VOTES IN THE ST. PAUL RECOUNT

(By United Press)
St. Paul, June 3.—The official recount of the ballots in the recent mayoralty election ordered by District Judge John W. Sanborn, started today at the courthouse.

Referees at noon had counted the first and second precincts of the first ward and George L. Siegel, whose friends brought the contest, had lost two votes.

In all cases where errors were found referees said election judges themselves had marked the ballots to show that they had noticed the errors.

FOREST FIRE SEASON IS NOW AT HAND

RANGERS AND PATROLMEN BATTLE MANY FIRES IN STATE

NONE OF THEM, HOWEVER, ARE OF DANGEROUS PROPORTIONS

(By United Press)
St. Paul, June 3.—The forest fire season is here.

Rangers and patrolmen today are battling a large number of small fires throughout the north woods.

None of them are of dangerous proportions, and the fire fighters have them well in hand, according to Arthur Oppe, assistant to Grover M. Conzet, acting state forester.

Conzet appeared before the state board of relief late yesterday and obtained \$5,000 to aid in fighting the fires. He immediately left for Duluth and will go through the fire area, supervising the work.

The extra money is needed as the funds of the forestry department are low. New appropriations for the next fiscal year will be available July 1.

The woods are generally in a dry condition, according to reports to state officials but there is not much vegetation so there is little worry over present fires.

Woods cruisers operating under the direction of State Auditor R. P. Chase, are co-operating with forest rangers and patrolmen as are also game wardens of the district.

Fires in North Woods

St. Paul, June 3.—Numerous small forest fires were reported from north woods sections today.

Rangers and patrolmen have been hurried into the fire area to combat the flames. Grover M. Conzet, acting state forester, was in Duluth today directing the forces of the fire fighters and distributing \$5,000 provided yesterday by the state board of relief. The money was needed because funds of the forestry department were low. New appropriations will not be available until July 1.

LAKES THAT COME AND GO IN NEBRASKA

(By United Press)
Morrill, Neb., June 5.—Every twenty years a cycle of lakes appear in the "Sand Hills" region of Nebraska, according to John Hartman, county assessor of Garden county, who finds that tillable land a few years ago is now under fourteen feet of water.

Records of the county assessor's office show that certain areas have periods when they are lakes and periods when they appear on the records as taxable farm lands.

Old residents told Hartman that the same hay pastures now inundated were lakes about thirty years ago. During that time the lakes dried up and once again raised crops. Then in the past few years they have once more become buried in water.

All of which complicates the records of Garden county's tax assessor.

NATIONAL CONVENTION AT CLEVELAND

G. O. P. UNFETTERED AS TO VICE PRESIDENTIAL CHOICE

PRES. COOLIDGE WILL INFORM THEM TO EXERCISE OWN DISCRETION

(By United Press)
Washington, June 3.—President Coolidge will inform the republican national convention at Cleveland that he hopes the delegates will make their own choice for the vice-presidential nominee, it was declared on the president's behalf at the White House today.

This course was followed by the late President Roosevelt in 1904. It was pointed out at the White House, and President Coolidge will adopt the same policy.

The president was reported today as feeling that the delegates who will be at Cleveland from all sections of the country will know the sentiment of the nation regarding the nomination of a man for the vice-presidency. Mr. Coolidge prefers that the delegates themselves make the choice without any dictation from him.

MONDELL AS CHAIRMAN OF THE CONVENTION

Cleveland, O., June 3.—Former Congressman F. W. Mondell of Wyoming will be permanent chairman of the republican national convention.

William H. Butler, manager of the president's pre-convention campaign in Cleveland today made this announcement.

WARREN ON THE RESOLUTIONS COMMITTEE

Washington, June 3.—Charles B. Warren, American ambassador to Mexico, has been virtually agreed upon by republican leaders for the important post of chairman of the resolutions committee of the Cleveland convention, it was learned authoritatively today.

Warren is now on his way to Washington from Mexico to attend the Cleveland convention. He is expected to confer with President Coolidge in Washington before going to Ohio.

BISHOP STUNTZ PASSED AWAY

METHODIST DIVINE DIED OF A LINGERING ILLNESS IN OMAHA

Omaha, Neb., June 3.—Bishop Homer C. Stuntz, 66, of the Methodist Episcopal church, died here this morning after a lingering illness of several months. At his own request Bishop Stuntz was retired by the recent Methodist general conference at Springfield, Mass., as head of the Omaha area because of ill health.

He suffered a paralytic stroke at Miami, Fla., last year, from which he never recovered.

VETERANS TO PLACE BOULDERS ON GRAVE

Omaha, Neb., June 3.—Four giant red boulders that once piled high in the lawn at "Thornwald," home of the late Senator John M. Thurston, are to be placed on the grave of Mrs. Thurston in Prospect Hill cemetery, here if relatives approve.

The work of transferring the boulders was undertaken by the Spanish War Veterans in honor of the wife of the man whose famous speech on "Force," delivered before congress, resulted in declaration of war on Spain.

The boulders were shipped here years ago by Senator Thurston who selected them in Montana. A special freight car was needed to transport the immense rocks.

BROOKHART AND SWEET BATTLE FOR NOMINATION

(By United Press)
Des Moines, June 3.—The race between Smith W. Brookhart and Burton E. Sweet for the republican nomination for United States senator proved a nip-and-tuck affair today as returns continued to come in from precincts balloting in the state primary election held yesterday.

Sweet showed considerable strength in city precincts, while Brookhart's strength appeared greater in the rural districts.

Of 1,133 precincts reporting, out of 2,512 in the state, Brookhart polled 105,678 votes, while Sweet received 100,021.

STATE SENATOR SHOT AS HE WAS BOARDING TRAIN

(By United Press)

St. Louis, Mo., June 3.—State Senator Michael Kinney, a leader of local and state politics, was shot and probably mortally wounded by two unidentified men who fired upon him as he was about to board a train. The men approached the senator in an automobile and fired four shots into his body. Before witnesses could obtain the license number of the car it had disappeared.

TO CATCH A RABBIT WITH BARE HANDS

HOUSE PARTY HAD TWO GUESTS WHO WERE SEEKING ADVENTURE

YOUNG SCULPTRESS AND HER COMPANION LOST IN THE WOODS

(By United Press)
Mountain Lake, N. J., June 3.—If Helen Cole, young sculptress who went into the New Jersey woods to catch a rabbit with her bare hands, and Charles Carter, who went with her, are alive and pursuing their back to nature adventure, no flickering campfire betrayed their whereabouts last night.

State troops and volunteers, who have hunted the couple for 48 hours, watched through the night from a water tower atop a high hill in these parts without catching a glimpse of a fire.

The girl and her escort, who were at a house party, disappeared Saturday night shortly after a discussion as to whether a man and woman could survive in the "wilds" with no equipment or tools other than their hands. They have not been heard from since.

IN NIGHTMARE, SHOT HER HUSBAND

LATTER FOUND UNCONSCIOUS, BLEEDING FROM SEVERE WOUND

(By United Press)
Superior, Wis., June 3.—Police today were questioning Mrs. James Howard, who said she shot her husband early yesterday as the result of a nightmare.

She was dreaming, she said, when she was awakened suddenly by the sound of a revolver shot. She found her husband unconscious beside her, a bullet through his chest and a smoking gun in her hand. Mrs. Howard told police she kept the revolver under her pillow for protection.

COOLIDGE FAVORS PERMANENT AND SOUND TAX POLICY

IS DISSATISFIED WITH THE PRESENT MEASURE ADOPTED

APPROVED ONLY BY HIM BECAUSE IT GAVE TEMPORARY RELIEF

(By United Press)
Washington, June 3.—President Coolidge has made further tax reform one of the big issues of the coming campaign.

Dissatisfied with the present measure, which he approved only because of its "advantages as a temporary relief and temporary adjustment of business conditions," the president will renew the fight for enactment of a "sound, permanent tax policy."

The steps in this campaign will be:

1. Insertion of a Mellon tax plank in the republican platform.
2. A vigorous campaign for positive endorsement of this stand.
3. A "big stick" attitude toward the December session of congress if he is elected on this platform in November.

The administration's attitude toward the new law during the campaign will be that it was the best obtainable under the conditions. There will be no disposition to claim it as a republican accomplishment.

Rather it will be held up as a "horrible example" of what the country may expect unless a congress in harmony with the executive is returned to power next November.

At the same time the Mellon plan will be vigorously defended on its merits to the electorate.

The president's firm intention to continue the fight for the Mellon plan was clearly expressed in the final words of the statement he issued when signing the present bill.

"A correction of its (the bill's) defects may be left to the next session of congress," he said.

"I trust a bill less political and more truly economic may be passed at that time. To that end I shall bend all my energies."

BALLOON STRUCK BY LIGHTNING; AVIATORS KILLED

Monticello, Ill., June 3.—Thrown from a great height when the balloon in which they were charting air currents was struck by lightning, Dr. C. LeRoy Meisinger, U. S. Weather bureau expert from Washington, and Lieut. John T. Neely, pilot, Philadelphia, were killed shortly before midnight last night four miles south of here.

No one witnessed the accident which is believed to have occurred during a heavy rain and electrical storm that passed over this section.

The bodies of the two men were found by farmers of the vicinity who were passing through a field. Meisinger got clear of the plane and fell nearly a mile from the spot where the balloon with Lieut. Neely's body entangled in the wreckage had landed. Both bodies were badly mutilated.

They are being held here in the morgue until arrangements can be made to return them to Scott Field. Nothing is known here of the two men.

Dirigible to Bring Back Bodies

Bellevue, Ill., June 3.—The PC-3, big army dirigible, left Scott Field at noon today for Monticello to bring back the bodies of Lieut. James Neely, 30, and Dr. LeRoy Meisinger, U. S. Weather bureau expert, killed by a fall from their weather observation balloon.

Lieut. Neely, a veteran of the world war, had served in both the American and British armies. He was a skilled pilot.

Dr. Meisinger, expert in meteorological work, was doing post graduate work at the university of Nebraska, where he joined the signal corps at the opening of the war.

NATIONAL 3RD PARTY MEET HAS SETBACK

DR. WM. A. SCHAPER RESIGNS FROM COMMITTEE OF ARRANGEMENTS

HE AND MAHONEY WERE LEADING ORGANIZERS OF CONFERENCE

(By United Press)
St. Paul, June 3.—The national third party convention called for St. Paul, June 17 suffered another setback today when Dr. William A. Schaper, Minneapolis, withdrew from the committee of arrangements.

Schaper and William Mahoney were the leading organizers of the conference.

Dr. Schaper also is a candidate for the farmer-labor party nomination for governor. He was recently endorsed by the communists. Today he repudiated that endorsement, which he claimed was "put over by my enemies."

"Extreme radicals are not the hope of democracy," he said. "They are the ones who have despaired of making fundamental changes through the process of democracy."

Falls Asleep on Water Wagon; \$6 Claim Asked

St. Paul, June 3.—It may cost the city of St. Paul \$6 because one of its employees fell asleep on the water wagon.

This at least is the sum asked by E. R. Waller, 1724 Laurel ave., who charges that the left rear fender of his sedan was "bruised and slightly bent" when the driver of a sprinkling wagon ran into it in front of his home.

Mr. Waller charges that the driver, whose name was given as Carl Chakow, was asleep.

The claim was referred to C. F. McNally, city attorney, for investigation.

millions of their fathers, was hard at work today, devising some plan by which it was hoped to save the boys from execution. Insanity probably will be the defense.

Seeks First Degree Murder Indictment

The county grand jury was to convene today, and State's Attorney Crowe was prepared to ask immediate indictments against Leopold and Loeb on counts of first degree murder.

HENRY FORD'S OFFER FOR MUSCLE SHOALS

SENATE AGRICULTURAL COMMITTEE REPORTS ON THE SAME

SAYS FORD'S OFFER WOULD BE TO BEST INTERESTS OF PUBLIC

Congress Today
Senate: Votes on adjournment. Mayfield investigation.
House: Votes on McNary-Haugen farm relief bill.

BULLETIN

Washington, June 3, 2:25 P. M.—Senator Robert M. LaFollette was voted down today in the senate in an attempt to prevent adjournment of congress on June 7 so that action might be had on farm relief and railroad rate legislation. The senate rejected his resolution which would have called for a return of both houses after a month's recess.

Washington, June 3.—Acceptance of Henry Ford's offer for Muscle Shoals would be to the best interests of the public, while government operation of the project would be a "costly adventure," the minority report submitted by the senate agricultural committee today declared. The report was signed by Senator Ladd, republican, North Dakota, and Senators Heflin, Alabama, Harrison, Mississippi, Caraway, Arkansas, and Smith, South Carolina, all democrats.

IMMEDIATE CONSIDERATION OF MUSCLE SHOALS BLOCKED

Washington, June 3.—An attempt by Senator Underwood, Alabama, to obtain immediate consideration of the Muscle Shoals legislation was blocked in the senate today by Chairman Norris of the senate agricultural committee.

Norris declared that if congress agreed to adjourn Saturday he would not call up the Ford offer and his bill for government operation of the project.

"If we adjourn Saturday," Norris said, "it would be a physical impossibility to take up the Muscle Shoals question now and complete it by that time. The way to disposition of the Muscle Shoals question at this session is to vote down adjournment."

MCMARY-HAUGEN FARM BILL DEFEATED

Washington, June 3.—The McNary-Haugen farm relief bill, principal measure proposed by the farm bloc, for agricultural aid this season, was defeated by the house today.

An attempt by friends of the bill to diminish opposition before the final vote by restricting the scope of the measure to wheat, flour, swine and food products thereof was defeated 154 to 224.

The failure of the bill to pass left the farm bloc members without any program other than to resist adjournment in the senate until a satisfactory substitute can be drafted.

WIFE KILLER TO STILLWATER

IN 10 DAYS MILLS OF JUSTICE ACT IN CASE OF WADE E. MALTBY

St. Paul, June 3.—Wade E. Maltby, who shot his wife five times when she told him he was a coward and afraid to shoot, went to Stillwater prison for a life at hard labor last night.

It took only 10 days for the mills of justice in Dakota county to grind out the sentence for first degree murder.

SIEGEL LOSES 2 VOTES IN THE ST. PAUL RECOUNT

(By United Press)
St. Paul, June 3.—The official recount of the ballots in the recent mayoralty election ordered by District Judge John W. Sanborn, started today at the courthouse.

Referees at noon had counted the first and second precincts of the first ward and George L. Siegel, whose friends brought the contest, had lost two votes.

In all cases where errors were found referees said election judges themselves had marked the ballots to show that they had noticed the errors.

FOREST FIRE SEASON IS NOW AT HAND

RANGERS AND PATROLMEN BATTLE MANY FIRES IN STATE

NONE OF THEM, HOWEVER, ARE OF DANGEROUS PROPORTIONS

(By United Press)
St. Paul, June 3.—The forest fire season is here.

Rangers and patrolmen today are battling a large number of small fires throughout the north woods.

None of them are of dangerous proportions, and the fire fighters have them well in hand, according to Arthur Oppe, assistant to Grover M. Conzet, acting state forester.

Conzet appeared before the state board of relief late yesterday and obtained \$5,000 to aid in fighting the fires. He immediately left for Duluth and will go through the fire area, supervising the work.

The extra money is needed as the funds of the forestry department are low. New appropriations for the next fiscal year will be available July 1.

The woods are generally in a dry condition, according to reports to state officials but there is not much vegetation so there is little worry over present fires.

Woods cruisers operating under the direction of State Auditor R. P. Chase, are co-operating with forest rangers and patrolmen as are also game wardens of the district.

Fires in North Woods

St. Paul, June 3.—Numerous small forest fires were reported from north woods sections today.

Rangers and patrolmen have been hurried into the fire area to combat the flames. Grover M. Conzet, acting state forester, was in Duluth today directing the forces of the fire fighters and distributing \$5,000 provided yesterday by the state board of relief. The money was needed because funds of the forestry department were low. New appropriations will not be available until July 1.

LAKES THAT COME AND GO IN NEBRASKA

(By United Press)
Morrill, Neb., June 5.—Every twenty years a cycle of lakes appear in the "Sand Hills" region of Nebraska, according to John Hartman, county assessor of Garden county, who finds that tillable land a few years ago is now under fourteen feet of water.

Records of the county assessor's office show that certain areas have periods when they are lakes and periods when they appear on the records as taxable farm lands.

Old residents told Hartman that the same hay pastures now inundated were lakes about thirty years ago. During that time the lakes dried up and once again raised crops. Then in the past few years they have once more become buried in water.

All of which complicates the records of Garden county's tax assessor.

NATIONAL CONVENTION AT CLEVELAND

G. O. P. UNFETTERED AS TO VICE PRESIDENTIAL CHOICE

PRES. COOLIDGE WILL INFORM THEM TO EXERCISE OWN DISCRETION

(By United Press)
Washington, June 3.—President Coolidge will inform the republican national convention at Cleveland that he hopes the delegates will make their own choice for the vice-presidential nominee, it was declared on the president's behalf at the White House today.

This course was followed by the late President Roosevelt in 1904, it was pointed out at the White House, and President Coolidge will adopt the same policy.

The president was reported today as feeling that the delegates who will be at Cleveland from all sections of the country will know the sentiment of the nation regarding the nomination of a man for the vice-presidency. Mr. Coolidge prefers that the delegates themselves make the choice without any dictation from him.

MONDELL AS CHAIRMAN OF THE CONVENTION

Cleveland, O., June 3.—Former Congressman F. W. Mondell of Wyoming will be permanent chairman of the republican national convention.

William H. Butler, manager of the president's pre-convention campaign in Cleveland today made this announcement.

WARREN ON THE RESOLUTIONS COMMITTEE

Washington, June 3.—Charles B. Warren, American ambassador to Mexico, has been virtually agreed upon by republican leaders for the important post of chairman of the resolutions committee of the Cleveland convention, it was learned authoritatively today.

Warren is now on his way to Washington from Mexico to attend the Cleveland convention. He is expected to confer with President Coolidge in Washington before going to Ohio.

BISHOP STUNTZ PASSED AWAY

METHODIST DIVINE DIED OF A LINGERING ILLNESS IN OMAHA

Omaha, Neb., June 3.—Bishop Homer C. Stuntz, 66, of the Methodist Episcopal church, died here this morning after a lingering illness of several months. At his own request Bishop Stuntz was retired by the recent Methodist general conference at Springfield, Mass., as head of the Omaha area because of ill health.

He suffered a paralytic stroke at Miami, Fla., last year, from which he never recovered.

VETERANS TO PLACE BOULDERS ON GRAVE

Omaha, Neb., June 3.—Four giant red boulders that once piled high in the lawn at "Thornwald," home of the late Senator John M. Thurston, are to be placed on the grave of Mrs. Thurston in Prospect Hill cemetery, here if relatives approve.

The work of transferring the boulders was undertaken by the Spanish War Veterans in honor of the wife of the man whose famous speech on "Force," delivered before congress, resulted in declaration of war on Spain.

The boulders were shipped here years ago by Senator Thurston who selected them in Montana. A special freight car was needed to transport the immense rocks.

BROOKHART AND SWEET BATTLE FOR NOMINATION

(By United Press)
Des Moines, June 3.—The race between Smith W. Brookhart and Burton E. Sweet for the republican nomination for United States senator proved a nip-and-tuck affair today as returns continued to come in from precincts balloting in the state primary election held yesterday.

Sweet showed considerable strength in city precincts, while Brookhart's strength appeared greater in the rural districts.

Of 1,133 precincts reporting, out of 2,512 in the state, Brookhart polled 105,678 votes, while Sweet received 100,021.

STATE SENATOR SHOT AS HE WAS BOARDING TRAIN

(By United Press)
St. Louis, Mo., June 3.—State Senator Michael Kinney, a leader of local and state politics, was shot and probably mortally wounded by two unidentified men who fired upon him as he was about to board a train. The men approached the senator in an automobile and fired four shots into his body. Before witnesses could obtain the license number of the car it had disappeared.

TO CATCH A RABBIT WITH BARE HANDS

HOUSE PARTY HAD TWO GUESTS WHO WERE SEEKING ADVENTURE

YOUNG SCULPTRESS AND HER COMPANION LOST IN THE WOODS

(By United Press)
Mountain Lake, N. J., June 3.—If Helen Cole, young sculptress who went into the New Jersey woods to catch a rabbit with her bare hands, and Charles Carter, who went with her, are alive and pursuing their back to nature adventure, no flickering campfire betrayed their whereabouts last night.

State troops and volunteers, who have hunted the couple for 48 hours, watched through the night from a water tower atop a high hill in these parts without catching a glimpse of a fire.

The girl and her escort, who were at a house party, disappeared Saturday night shortly after a discussion as to whether a man and woman could survive in the "wilds" with no equipment or tools other than their hands. They have not been heard from since.

IN NIGHTMARE, SHOT HER HUSBAND

LATTER FOUND UNCONSCIOUS, BLEEDING FROM SEVERE WOUND

(By United Press)
Superior, Wis., June 3.—Police today were questioning Mrs. James Howard, who said she shot her husband early yesterday as the result of a nightmare.

She was dreaming, she said, when she was awakened suddenly by the sound of a revolver shot. She found her husband unconscious beside her, a bullet through his chest and a smoking gun in her hand. Mrs. Howard told police she kept the revolver under her pillow for protection.

Learning that she had shot her husband, she at once called the police and sobbed out the story of the hallucination.

COOLIDGE FAVORS PERMANENT AND SOUND TAX POLICY

IS DISSATISFIED WITH THE PRESIDENT MEASURE ADOPTED

APPROVED ONLY BY HIM BECAUSE IT GAVE TEMPORARY RELIEF

(By United Press)
Washington, June 3.—President Coolidge has made further tax reform one of the big issues of the coming campaign. Dissatisfied with the present measure, which he approved only because of its "advantages as a temporary relief and temporary adjustment of business conditions," the president will renew the fight for enactment of a "sound, permanent tax policy."

The steps in this campaign will be:

1. Insertion of a Mellon tax plank in the republican platform.
2. A vigorous campaign for positive endorsement of this stand.
3. A "big stick" attitude toward the December session of congress if he is elected on this platform in November.

The administration's attitude toward the new law during the campaign will be that it was the best obtainable under the conditions. There will be no disposition to claim it as a republican accomplishment.

Rather it will be held up as a "horrible example" of what the country may expect unless a congress in harmony with the executive is returned to power next November.

At the same time the Mellon plan will be vigorously defended on its merits to the electorate.

The president's firm intention to continue the fight for the Mellon plan was clearly expressed in the final words of the statement he issued when signing the present bill.

"A correction of its (the bill's) defects may be left to the next session of congress," he said.

"I trust a bill less political and more truly economic may be passed at that time. To that end I shall bend all my energies."

BALLOON STRUCK BY LIGHTNING; AVIATORS KILLED

Monticello, Ill., June 3.—Thrown from a great height when the balloon in which they were charting air currents was struck by lightning, Dr. O. LeRoy Meisinger, U. S. Weather bureau expert from Washington, and Lieut. John T. Neely, pilot, Philadelphia, were killed shortly before midnight last night four miles south of here.

No one witnessed the accident which is believed to have occurred during a heavy rain and electrical storm that passed over this section.

The bodies of the two men were found by farmers of the vicinity who were passing through a field. Meisinger got clear of the plane and fell nearly a mile from the spot where the balloon with Lieut. Neely's body entangled in the wreckage had landed. Both bodies were badly mutilated.

They are being held here in the morgue until arrangements can be made to return them to Scott Field. Nothing is known here of the two men.

Dirigible to Bring Back Bodies

Bellevue, Ill., June 3.—The PC-3, big army dirigible, left Scott Field at noon today for Monticello to bring back the bodies of Lieut. James Neely, 30, and Dr. LeRoy Meisinger, U. S. Weather bureau expert, killed by a fall from their weather observation balloon.

Lieut. Neely, a veteran of the world war, had served in both the American and British armies. He was a skilled pilot.

Dr. Meisinger, expert in meteorological work, was doing post graduate work at the university of Nebraska, where he joined the signal corps at the opening of the war.

NEW MAN WILL BE OLDER THAN THE OLD MAN LIVED TO BE

That human life is being prolonged and human health improved by science and better living conditions is affirmed from time to time and generally believed. Statistics just compiled prove the statement and make it possible to give some of the details.

United States census office figures for the decade before the 1920 census is one authority, and another, fully as reliable, is a mortality report of the Modern Woodmen of America, brought up to date. The former covers the United States registration area, with 85,000,000 population, and the latter is based on an experience of forty-one years and a membership of more than a million in all parts of the United States.

It takes some of the pain out of our regret that we did not live in the "good old days" of our dads to learn that we are in a fair way to live several years longer than they

did. In the period from 1910 to 1920 there was a marked decline in mortality, especially among males. Taking all ages, the average was 14.5 per cent, which exceeded all expectations based upon previous figures.

The average age at death for all classes and both sexes increased from 40 to 43.5 years. That rate for a decade would add ten years to the average life in a generation, which shows how chance of deferring the inevitable have improved since dad's day.

There is much comfort, too, in the discovery that a number of the diseases which our fathers lived in greatest fear have been robbed of most of their terrors. Among them may be mentioned tuberculosis, syphilis or germ diseases, and those of the stomach and liver.

Since 1910, tuberculosis, in the experience of the Modern Woodmen of America, has been set back from first to fifth place among causes of death of members, while losses under the other headings, with the exception of la grippe, have been cut approximately in half.

In 1909 this fraternal organization opened its free Sanatorium at Colorado Springs for the treatment of tuberculosis. In 1908 its death rate from the white plague was eighty per hundred thousand. Last year it was seventy. Even more striking is the fact that in 1908 the percentage of all deaths from pulmonary disease was almost exactly double that from the same cause now. In the one case it was fourteen per hundred thousand. Now it is about seven.

The Modern Woodmen Sanatorium has treated thousands of cases. Millions of pieces of literature have been circulated in an educational campaign which has helped to inform and warn all members, their families and associates. It has been one of the most effective of the several agencies which have been working for the eradication of this malady with such good effect that experts are now predicting the time when it will finally cease to be regarded as a menace to human life in civilized countries.

Progress that has been made in the war against other diseases gives ground for the hope that they, too, may ultimately be made to yield, even as tuberculosis has done, to a well directed and persistent attack.

When You Break a Bill

The change remaining seems of so little consequence that usually it is quickly spent. You have heard people say, "When I break a bill I consider it all gone."

If you pay by check you pay only the exact amount and do not disturb the balance. Then these small amounts—the "left-overs" of even sums—accumulate into larger amounts. This is just one of the advantages of a checking account.

LARGE CLASS IS GRADUATED

J. M. McConnell Delivered Commencement Address Monday Evening

NEW PARK THEATRE CROWDED

Members of the Class Were Attired in Dark Caps and Gowns

The changed condition of education and living of the present age over the past, was the general theme of J. M. McConnell's address to the 1924 graduating class of the Brainerd high school, held in the New Park theatre on Monday evening.

The theatre was crowded with parents and friends of the graduates gathered to witness the commencement exercises. The class, numbering 86 high school graduates and eleven normal graduates, with members of the faculty, school board and speakers, had places on the stage, which was especially decorated with

Prof. W. C. Cobb

cut flowers for the occasion. Members of the class were attired in caps and gowns.

J. M. McConnell is state superintendent of education. He delivered a well prepared, thoughtful address, equally applicable to the public in general as to the class of 1924. He stated that while conditions of education and living have changed radically in the present generation, he saw no cause for alarm. The new generation coming on is different from its predecessors since it is living in a different age. However, the young people of today are preparing for the duties ahead of them just as their parents did, except that the duties of the present age are different from those of former generations, and require a different preparation.

Those who are looking for a return of the "simple life" are doomed to bitter disappointment, said Mr. McConnell, for the day of the simple life has passed forever. New inventions make young people face new problems that need a different type of training from the days of simpler living, and this training rather prohibits any tendencies toward old customs.

Mr. McConnell especially directed the thought of the graduating class to four fundamental essentials that are required in the education of young people. These are honesty, diligence, adaptability to social environment and endurance, each of which he dwelt upon at some length.

The commencement exercises as carried out, consisted of the following program:

1. "The Mosquito," High School Boys Double Quartette.
2. Invocation, Rev. A. G. Patterson.
3. "Pale Moon" and Carmena Waltz, High School mixed chorus.
4. Address, Supt. J. M. McConnell.
5. "Where My Caravan has Rested," High School girls sextette.
6. Remarks, Miss Mary Tornstrom, principal of the high school.
7. Conferring of Elks gold medal, Dr. A. K. Cohen.
8. Remarks, Superintendent W. C. Cobb.
9. Granting diplomas, by G. D. LaBar, president of the board of education.
10. Class song.
11. Benediction, Rev. Patterson.

Miss Lorraine Morrison acted as accompanist for the boys quartette and the mixed chorus, and Miss Elizabeth Johnstone for the girls sextette. The words for the class song were composed by Miss Louise Farrett, principal of the Whittier school, and were set to the music of the Illinois state song.

Superintendent Cobb in his remarks spoke of the satisfaction that is felt by the faculty in presenting the 1924 class for graduation, and gave the members of the class an

HIGH SCHOOL ANNUAL

Third Successive Edition, Finely Edited and Printed, Now Available

The third successive edition of the local "High School Annual" has been successfully edited and printed and will be available at the Service News Agency Wednesday for the small sum of 75c. The contract with the printer provides fifty more copies than the year previous, showing the increasing demand for this annual. The book contains pictures of all the classes and athletic teams, besides individual pictures of the 1924 graduates. Much credit is due to Miss Tornstrom whose never-failing assistance has again brought credit to the B. H. S., this time by means of the 1924 "Brainionian."

Entertain for Mrs. W. H. Gemmell

Mesdames E. O. Webb, A. C. Weber, E. J. Quinn, Henry I. Cohen, J. A. Thabes and W. C. Cobb will entertain for Mrs. W. H. Gemmell at a tea on Wednesday afternoon from 3 to 5 o'clock at Mrs. Webb's summer home at Portage lake.

WINS PROMOTION IN FOUR WEEKS

His training at Dakota Business College, Fargo, paid quick dividends to Frank Kouba. Less than a month after being employed by the First National Bank, White Rock, S. D., he was advanced to assistant cashier.

Some 218 former "Dakota" students have become bank officers. Pupils learn business methods at school by actual practice, get better positions and rise rapidly. Hattie Ball is the 6th "Dakotan" engaged by the new Fairmont Creamery Co.

Watch these success stories each week, compare schools and "Follow the Successful."

TUESDAY, JUNE 3, 1924

STREAMS SHOULD BE MARKED

AN irate fisherman from out of town came to the Dispatch and told his troubles this morning and that was to the effect that he and some nineteen others, so he claims, charged with fishing in prohibited waters, were taken before a justice of the peace in Pillager and each fined \$18. He claims that he and others in his party and even farmers living in the vicinity, so he asserted, were not aware that fishing was prohibited in that particular place on the Gull river.

It again calls attention to the necessity of having signs placed where fishing is prohibited. In last night's Dispatch, Deputy Game Warden A. P. Cardle had an advertisement inserted which called attention that fifty dollars reward was offered for any information leading to the apprehension of parties who destroyed the Minnesota State Fish Hatchery signs on Gull river.

The point involved is this, that home and visiting fishermen should exercise due caution and ascertain if the fishing ground they are about to use is one open to the public. If the waters are closed by fish and game commission orders, they are closed, regardless whether the signs originally placed by the commission remain in position or are destroyed by vandals.

It is to be deplored that so many outside fishermen made the mistake of trespassing on closed waters and residents of the neighborhood, for the sake of visiting fishermen, should acquaint themselves with the regulations governing Gull river, so they may so inform visitors not aware of such regulations.

IMMIGRATION IS AMERICA'S PROBLEM

THE record of America's dealing with world problems of humanity, the relief and aid it has extended to those in want, to those stricken by famine, to those smitten by pestilence, regardless of race, color or nationality, refute the charge of prolegue of nations sentimentalists that it is enacting an "isolationist" role. But there are certain subjects which call for national as distinguished from international or "outside" considerations. Among them, says the Washington Post, stands immigration as demanding strictly American dealing.

America is primarily for Americans. The nation has every right to defend itself against invasion, whether that invasion is with banner and drum and weapon or by objectionable elements.

Such consideration was the basis of the immigration legislation as disposed of in congress. Congress has been moved by the public interest to safeguard Americans against an "inflow" that threatened to weaken and injure the nation. By restrictions drafted to eliminate the undesirable among the immigrants and to hold the number of those entering to figures fixed by the nation's best interest, congress has shown its intention "to carry on" the restrictive immigration policy that is necessary to America's salvation.

WHAT GOVERNOR SWEET THINKS OF GOOD ROADS

GOVERNOR WILLIAM E. SWEET of Colorado in a recent public address said: "Because the automobile has become so widely used for business and pleasure, good roads are an absolute necessity for the state. Permanent highways banish isolation, for city dwellers are enabled to reach the country very quickly, while those living in the country can just as readily reach the city."

He pointed out that the most costly road is often the cheapest in the end, and continued: "Good roads are not only an asset to a community in economic results and in lending greater variety to the enjoyment of life, but they also bring large numbers of people from the East to our states."

"Keep up the good work of spreading good roads propaganda, and encouraging by every possible means the use of the automobile until all are good roads advocates."

CLAIMS THE BOYS ARE INSANE

THE atrocious murder of 14-year-old Robert Franks, of Chicago, by two self-confessed rich youths, is so hideous in its details as to prove revolting. The young men involved, sons of rich men, needed no money, so ransom was no motive. Both were attending law school and were versed enough in its study as to realize the consequences of their confessed act.

A Chicago psychiatrist and surgeon declares the boys had lost their mental balance, both being, in his opinion, pampered, petted super-intellectuals. Every phase of the coming trial will be watched with interest. On the one side is the state, represented by a brilliant, young attorney; on the other hand, for the defense, one of the most noted criminal lawyers heading a whole staff of legal talent.

STOCKHOLDERS LOSE ALL INVESTED

STOCKHOLDERS of the Northwest Publishing Co., owners of the Minnesota Daily Star, have lost the half million dollars they invested in the property, and George Leonard, attorney for the receiver, told Judge H. D. Dickinson "they were glad to get out that easily." The last clause means that the stockholders were loth to lose what they put in and might glad not to follow up with a stockholder's liability assessment.

The paper has now been taken over by a new corporation known as the Minneapolis Daily Star company, and 6,000 stockholders have nothing further to do with the management or control or financing of the newspaper property.

A GENTLE ART IS THE CULTURE OF A GARDEN

L. P. HALL, of Bay Lake, in a recent address in Brainerd, called attention to the need of cultivating a garden which in turn beautified the grounds of your home and in the end tended to beautify the city. He called attention to the flowers which thrive best in our soil. There was more to gardening than merely selecting a garden site, spading the earth and planting the seed.

There is also required an hour or two daily of cultivation to make the flowers thrive best. With gardening goes a certain philosophy, the same as that developed by the lone fisherman. One communes with nature, one has a chance to contemplate and to think, and to become refreshed in soul and spirit.

TEN Chicago high schools have swimming tanks and include swimming in their course of training.

THE NEW PARK'S
SUMMER PROGRAM

Summer Season Provided With a
Wealth of Special Pictures of
Rare Beauty

AND FINE VAUDEVILLE

Theatre Lives Up to Its Slogan, of
Gaining the "Pick of the
Pictures"

Beginning with "The Hunchback of Notre Dame" on next Sunday with a four-day run at popular prices, the New Park will open the summer season with a wonderful line-up of special pictures and fine vaudeville.

The policy of many theatres during the summer season is to play cheaper programs than in the winter. This is no true of the New Park. This theatre will live up to its slogan "The pick of the pictures," presenting at different times as they are available, high class vaudeville acts with the best of picture programs.

The following list of Paramount, Metro, and First National attractions, including Harold Lloyd in "Giri Shy" from Pathe, will be shown at the New Park during the next three months:

Pola Negri in "Men," Gloria Swanson in "Society Scandal," both much talked of and widely discussed pictures. Thomas Meighan in "Conscience Man" and Cecil B. DeMille's "Triumph" starring Leatrice Joy and Rod La Roque.

"Tiger Love," with Antonio Moreno and Estell Taylor, "The Fighting Coward" with Mary Astor, Ernest Terrence and Cullen Landis, and "Ice Bound" featuring Lois Wilson and Richard Dix.

Buster Keaton, one of the real screen comedians, will be shown in a seven-reel scream, "The Three Ages" "Thy name is Woman" with Ramon Navarro and Barbara La Mar and "The Eternal Struggle" with a big all star cast.

Viola Dana in "The Social Code," James Kirkwood in "Are you Guilty," Ethel Clayton in "Can a Woman Love Twice?" and Agnes Ayers in "The Guilty One," are strong feature pictures with stars that are favorites with Brainerd theatre goers.

Jacqueline Logan, Raymon Griffith in "The Dawn of Tomorrow," Malcolm McGregor and May McAvoy in "The Bedroom Window," Agnes Ayres and Antonio Moreno in "Bluff" and Red La Roque and Jacqueline Logan in the "Code of the Sea," Nita Naldi, Mat Moore and Patsy Ruth Miller in "The Breaking Point" are pictures that will command much interest and prove popular summer attractions.

Many of the above productions have been shown at the State, Strand or Garrick theatres in Minneapolis and the balance will be shown at these theatres in the near future.

It goes without saying that Brainerd people will appreciate the efforts of the management of the New Park in securing these excellent attractions, and encourage the theatre in securing the best by viewing the offerings of the next three months.

The New Park will make a special effort to conduct a cool, comfortable theatre during the sweltering days of summer, and assures its patrons of perfect satisfaction during this season of the year.

Lynch Holds Typo Lead

Indianapolis, June 3.—With only 50 unions unheard from James M. Lynch, Syracuse, N. Y., apparently had been elected president of the International Typographical union, it was said at the International offices.

The outstanding votes which are for the most part from small towns are expected to favor Lynch, it was said. His majority should be over 4,000, his friends estimated.

The latest unofficial tabulation showed him to be 3,223 votes in the lead over Charles Howard, present head of the union.

Men Eager to See

The Great Northwest

St. Paul, June 3.—"We are tired of being told about the northwest. What we want is to find out about it."

With this characteristic newspaper man's instinct to get facts, not to be told them, 25 eastern publishers, editors and journalists started on a tour of the northwest this afternoon as guests of the Great Northern.

They were invited by Louis W. Hill, chairman, and Ralph Budd, president, to get the truth about the northwest and they are making the trip on the New Oriental Limited to satisfy their news instinct of getting first hand information.

Almost overshadowing the newspaper men's reception was that given Tommy Gibbons, who arrived on the same train fresh after his victory over Georges Carpentier. Gov. Preus, Mayor Nelson and representative citizens were the first to congratulate him on his success and to welcome him home.

The newspaper men were anxious to spend a day in St. Paul, but their schedule required that they hurry on their tour of the northwest.

Glen Griswold, financial writer of the Chicago Journal of Commerce, one of the prominent members of the party, said that he was eager to make personal contact with the people who make up the northwest.

"We have been told everything about this country," he said, "but I want to find out myself what complaint there is out here. There no doubt has been gross exaggeration about depression. The northwest has unlimited resources. It must have prosperity waiting for it somewhere and some time soon."

TUESDAY, JUNE 3, 1924

STREAMS SHOULD BE MARKED

AN irate fisherman from out of town came to the Dispatch and told his troubles this morning and that was to the effect that he and some nineteen others, so he claims, charged with fishing in prohibited waters, were taken before a justice of the peace in Pillager and each fined \$18. He claims that he and others in his party and even farmers living in the vicinity, so he asserted, were not aware that fishing was prohibited in that particular place on the Gull river.

It again calls attention to the necessity of having signs placed where fishing is prohibited. In last night's Dispatch, Deputy Game Warden A. P. Cardle had an advertisement inserted which called attention that fifty dollars reward was offered for any information leading to the apprehension of parties who destroyed the Minnesota State Fish Hatchery signs on Gull river.

The point involved is this, that home and visiting fishermen should exercise due caution and ascertain if the fishing ground they are about to use is one open to the public. If the waters are closed by fish and game commission orders, they are closed, regardless whether the signs originally placed by the commission remain in position or are destroyed by vandals.

It is to be deplored that so many outside fishermen made the mistake of trespassing on closed waters and residents of the neighborhood, for the sake of visiting fishermen, should acquaint themselves with the regulations governing Gull river, so they may so inform visitors not aware of such regulations.

IMMIGRATION IS AMERICA'S PROBLEM

THE record of America's dealing with world problems of humanity, the relief and aid it has extended to those in want, to those stricken by famine, to those smitten by pestilence, regardless of race, color or nationality, refute the charge of prolegue of nations sentimentalists that it is enacting an "isolationist" role. But there are certain subjects which call for national as distinguished from international or "outside" considerations. Among them, says the Washington Post, stands immigration as demanding strictly American dealing.

America is primarily for Americans. The nation has every right to defend itself against invasion, whether that invasion is with banner and drum and weapon or by objectionable elements.

Such consideration was the basis of the immigration legislation as disposed of in congress. Congress has been moved by the public interest to safeguard Americans against an "inflow" that threatened to weaken and injure the nation. By restrictions drafted to eliminate the undesirable among the immigrants and to hold the number of those entering to figures fixed by the nation's best interest, congress has shown its intention "to carry on" the restrictive immigration policy that is necessary to America's salvation.

WHAT GOVERNOR SWEET THINKS OF GOOD ROADS

GOVERNOR WILLIAM E. SWEET of Colorado in a recent public address said: "Because the automobile has become so widely used for business and pleasure, good roads are an absolute necessity for the state. Permanent highways banish isolation, for city dwellers are enabled to reach the country very quickly, while those living in the country can just as readily reach the city."

He pointed out that the most costly road is often the cheapest in the end, and continued: "Good roads are not only an asset to a community in economic results and in lending greater variety to the enjoyment of life, but they also bring large numbers of people from the East to our states."

"Keep up the good work of spreading good roads propaganda, and encouraging by every possible means the use of the automobile until all are good roads advocates."

CLAIMS THE BOYS ARE INSANE

THE atrocious murder of 14-year-old Robert Franks, of Chicago, by two self-confessed rich youths, is so hideous in its details as to prove revolting. The young men involved, sons of rich men, needed no money, so ransom was no motive. Both were attending law school and were versed enough in its study as to realize the consequences of their confessed act.

A Chicago psychiatrist and surgeon declares the boys had lost their mental balance, both being, in his opinion, pampered, petted super-intellectuals. Every phase of the coming trial will be watched with interest. On the one side is the state, represented by a brilliant, young attorney; on the other hand, for the defense, one of the most noted criminal lawyers heading a whole staff of legal talent.

STOCKHOLDERS LOSE ALL INVESTED

STOCKHOLDERS of the Northwest Publishing Co., owners of the Minnesota Daily Star, have lost the half million dollars they invested in the property, and George Leonard, attorney for the receiver, told Judge H. D. Dickinson "they were glad to get out that easily." The last clause means that the stockholders were loth to lose what they put in and mighty glad not to follow up with a stockholder's liability assessment.

The paper has now been taken over by a new corporation known as the Minneapolis Daily Star company, and 6,000 stockholders have nothing further to do with the management or control or financing of the newspaper property.

A GENTLE ART IS THE CULTURE OF A GARDEN

L. P. HALL, of Bay Lake, in a recent address in Brainerd, called attention to the need of cultivating a garden which in turn beautified the grounds of your home and in the end tended to beautify the city. He called attention to the flowers which thrive best in our soil. There was more to gardening than merely selecting a garden site, spading the earth and planting the seed.

There is also required an hour or two daily of cultivation to make the flowers thrive best. With gardening goes a certain philosophy, the same as that developed by the lone fisherman. One communes with nature, one has a chance to contemplate and to think, and to become refreshed in soul and spirit.

TEN Chicago high schools have swimming tanks and include swimming in their course of training.

THE NEW PARK'S
SUMMER PROGRAM

Summer Season Provided With a
Wealth of Special Pictures of
Rare Beauty

AND FINE VAUDEVILLE

Theatre Lives Up to Its Slogan, of
Gaining the "Pick of the
Pictures"

Beginning with "The Hunchback of Notre Dame" on next Sunday with a four-day run at popular prices, the New Park will open the summer season with a wonderful line-up of special pictures and fine vaudeville.

The policy of many theatres during the summer season is to play cheaper programs than in the winter. This is not true of the New Park. This theatre will live up to its slogan "The pick of the pictures," presenting at different times as they are available, high class vaudeville acts with the best of picture programs.

The following list of Paramount, Metro, and First National attractions, including Harold Lloyd in "Girl Shy" from Pathe, will be shown at the New Park during the next three months:

Pola Negri in "Men," Gloria Swanson in "Society Scandal," both much talked of and widely discussed pictures. Thomas Meighan in "Confidence Man," and Cecil B. DeMille's "Triumph" starring Leatrice Joy and Rod La Rocque.

"Tiger Love," with Antonio Moreno and Estell Taylor, "The Fighting Coward" with Mary Astor, Ernest Torrence and Cullen Landis, and "Ice Bound" featuring Lois Wilson and Richard Dix.

Buster Keaton, one of the real screen comedians, will be shown in a seven-reel scream, "The Three Ages." "Thy name is Woman" with Ramon Navarro and Barbara La Mar and "The Eternal Struggle" with a big all star cast.

Viola Dana in "The Social Code," James Kirkwood in "Are you Guilty," Ethel Clayton in "Can a Woman Love Twice?" and Agnes Ayers in "The Guilty One," are strong feature pictures with stars that are favorites with Brainerd theatre goers.

Jacqueline Logan, Raymon Griffith in "The Dawn of Tomorrow," Malcolm McGregor and May McAvoy in "The Bedroom Window," Agnes Ayres and Antonio Moreno in "Bluff" and Red La Rocque and Jacqueline Logan in the "Code of the Sea," Nita Naldi, Mat Moore and Patsy Ruth Miller in "The Breaking Point" are pictures that will command much interest and prove popular summer attractions.

Many of the above productions have been shown at the State, Strand or Garrick theatres in Minneapolis and the balance will be shown at these theatres in the near future.

It goes without saying that Brainerd people will appreciate the efforts of the management of the New Park in securing these excellent attractions, and encourage the theatre in securing the best by viewing the offerings of the next three months.

The New Park will make a special effort to conduct a cool, comfortable theatre during the sweltering days of summer, and assures its patrons of perfect satisfaction during this season of the year.

Lynch Holds Typo Lead

Indianapolis, June 3.—With only 50 unions unheard from James M. Lynch, Syracuse, N. Y., apparently had been elected president of the International Typographical union, it was said at the international offices.

The outstanding votes which are for the most part from small towns are expected to favor Lynch, it was said. His majority should be over 4,000, his friends estimated.

The latest unofficial tabulation showed him to be 3,223 votes in the lead over Charles Howard, present head of the union.

WINDOM BOY IN LAND OF KING TUT

Walter Lowrie Writes Interesting
Letter From Egypt—In
Consular Service

TAKES TRIP TO CAIRO

Is Amazed at Number of Americans
He Finds There—Relates In-
teresting Episodes
(From Windom Paper)

Rev. and Mrs. W. J. Lowrie
and son Walter were former resi-
dents of Brainerd, who removed
to Windom.

This week The Citizen is glad to be able to offer its readers a very interesting travel letter written by a former Windom boy to his parents in this city. Walter Lowrie, son of Rev. and Mrs. J. H. Lowrie of this city, is in the consular service at Port Said, Egypt, and the following letter tells only a very small part of the many interesting things he sees over in the land of the now famous King Tut. The following extracts from the letter will be of interest to our readers:

I don't know whether I've told you that I live at one of the hotels here. The name of it is the Marine Palace. It is the second best hotel in town and costs me about 18 Egyptian Pounds per month or about \$80.00. I am looking around for a cheaper place but a good place to stay is hard to find in this town. There is no restaurant where meals can be taken that is any good.

The weather is still quite cool as I have to wear a sweater and my light overcoat most of the time. Today there is a nasty dust storm, there are very few of these so they say but the sand and dust is blown from the desert and makes it very disagreeable.

I went down to Cairo the other day and visited all the ancient sights as pyramids, sphinx, etc. They said that the old sphinx was built in 3667 B. C. Some of the pyramids were built about 1500 B. C. I also saw a mummy at the Museum where some of the relics from King Tut's are, that was said to be the Pharaoh that persecuted the Israelites and drove them thru the Red Sea. Some of the jewelry that is thousands of years old looks almost as if it was modern. They even have goats and cats and monkeys that are mummified. Even the hair on the heads of some of the mummies are still sticking on.

To start at the beginning of the trip we left here at 8:00 A. M. on Friday morning, Feb. 22, Washington's birthday and arrived in Cairo about noon. About one-half of the way from here to Cairo is desert and then you come to the Nile valley and the vegetation becomes very rich and beautiful. You see many camels carrying loads of vegetables and various other stuff slowly walking down the roads with their drivers squatted on the top of the load. They even use camels for plowing the fields with their old fashioned plows about the same as they used 1000 years ago. The country is irrigated by canals from the Nile and the water is drawn from the canals by oxen walking around in a circle turning a wheel which has cogs which turns another large wheel and lifts the water out of the canal and pours it into a small ditch running directly through the fields. The country is really beautiful with its palm trees and exquisite green fields. When we arrived in Cairo we found that most of the hotels were entirely filled as they said that 1000 Americans had arrived that morning. We finally found a very nice room and took our meals at various restaurants. The first afternoon we took a tramway and went out to the Nile river. It is divided into two branches in Cairo and meets a mile or so farther on. There were hundreds of houseboats on the river and many small sail boats which were fishing boats, I guess. The natives use the river banks for a kind of bathing beach. At one place you will see a group of women washing vegetables in the river and at another place some women washing clothes and a few yards from them some men in bathing. The men do not wear any bathing suits, and run around in front of all the women entirely devoid of any wearing apparel. In another spot a little higher up from the bathers was a stone floor about 15 ft. square which the natives use for their prayers. We walked along the river for several miles and saw many very beautiful parks with palm trees and other peculiar trees which I do not know the name of. Saturday morning we took a carriage and drove around through the

Wolf Mother Unable To Care Properly For Her Family of Six Puppies, Cat Adopts Two of Them

When attendants of the Minneapolis Animal Rescue League found that a wolf could not mother all of her half dozen wolf-dog puppies, two of the little fellows were turned over to an Angora

mother cat. She promptly adopted them and treats them as if they were kittens. The puppies are a cross between a wolf and a water-Spaniel.

bazaars of the city and the native section. It is very interesting to see the hundreds of little shops where men and women are working at making rugs, brass ware, shoes, etc. In the afternoon we took a tram out of the city to see the pyramids. They are out of Cairo about 10 miles and on the edge of the desert. We hired a camel and rode from the Mena house, a very large and expensive hotel near the edge of the desert, up to the pyramids. There are two large pyramids at this place and about 1/4 mile from these is the sphinx. It certainly is a sight to see it standing out there all grim and lonesome and to think that it has been there for about 5000 years.

took a notion to climb up one of the pyramids so I climbed a ways up but as they told me that it was not permitted without a guide or an assistant rather, I did not go far. On one side of the pyramid there is a large door that has been sealed up. Below this door there is an opening that permits an entrance into the pyramid but as they charge quite a little to go in and our time was limited, I did not go into it. (The Consul here and myself were in Cairo together.) That evening we went to the opera and saw Samson and Delilah played. The music wasn't anything classical but it was all right. Sunday morning we took a carriage and went out to the out-

skirts of the city to visit the mosques. There are two large and very beautiful mosques on the side of a hill on the outside of the city and farther up on the hill is the biggest and most beautiful building that I have ever seen, which was built in about 1100 A. D., I think. When you enter the mosque they charge you about 25 cents and put cloth slippers on over your street shoes. The Arabs go in without any shoes on at all. In a kind of a court yard inside of the mosque is a fountain where the Arabs wash their heads and feet before going in to their prayers. Before you get into the main room of the mosque you pass by a gate that is barred and locked, which is the entrance to a tomb of one of the Egyptian Kings or prophets, I do not know which. The main part of the mosque is a marvelous place. It is all carpeted with Persian rugs and has about 1500 lights in it which are only lighted twice a year. It is a room about twice as big as your church. On one side there is an altar you might call it but not elevated, which faces towards Mecca. It is just an indentation in the wall, made of many different kinds of marble from different parts of Egypt. There is a raised platform or more like a large chair to one side of this altar which is for the teacher or Minister. This is made of sandalwood, I think, and all inlaid with ivory and ebony. It is an exquisite piece of work. There

is a room which is not open to the public. It is for the King and his family to worship in. The ceiling of the place is all hand carved. On one side there is a new section which had to be replaced after Napoleon shot a hole in the mosque from his fortifications a couple of miles from the mosque. You can see holes in the outside of the building where cannon balls struck during the bombardment by Napoleon. They said that Napoleon himself had the repairs made after he got into the city. He thought that the mosque was some sort of a fortification. I am

sending you some photos of the mosque but as the one that is the biggest, Mohamed Ali, is on the side of a hill, it was impossible for me to take a view of the whole thing. In one of the smaller mosques the ceiling is all imitation Mosaic work. It is beautiful. One of the best sights of Egypt is to see the mosques or the pyramids by moonlight. We did not have a chance to see either of these sights by moonlight.

I hope to be able to get up to Luxor to see the valley of the Kings and King Tut's Tomb before I leave here. It is only about a day's trip

from Cairo by train. It costs about \$250 to go by boat this season of the year. It is only a night's travel to Jerusalem from here also and soon I hope to be able to go there for three or four days.

P. S. I am afraid my descriptive powers are rather limited. I wish I could make you see all the things that I saw in Cairo.

Perfected Steel

A French engineer claims that a steel, which he discovered, will not split or change its shape under any degree of heat.

WINDOM BOY IN LAND OF KING TUT

Walter Lowrie Writes Interesting
Letter From Egypt—In
Consular Service

TAKES TRIP TO CAIRO

Is Amazed at Number of Americans
He Finds There—Relates In-
teresting Episodes
(From Windom Paper)

Rev. and Mrs. W. J. Lowrie
and son Walter were former resi-
dents of Brainerd, who removed
to Windom.

This week The Citizen is glad to be able to offer its readers a very interesting travel letter written by a former Windom boy to his parents in this city. Walter Lowrie, son of Rev. and Mrs. J. H. Lowrie of this city, is in the consular service at Port Said, Egypt, and the following letter tells only a very small part of the many interesting things he sees over in the land of the now famous King Tut. The following extracts from the letter will be of interest to our readers:

I don't know whether I've told you that I live at one of the hotels here. The name of it is the Marine Palace. It is the second best hotel in town and costs me about 18 Egyptian Pounds, per month or about \$80.00. I am looking around for a cheaper place but a good place to stay is hard to find in this town. There is no restaurant where meals can be taken that is any good.

The weather is still quite cool as I have to wear a sweater and my light overcoat most of the time. Today there is a nasty dust storm, there are very few of these so they say but the sand and dust is blown from the desert and makes it very disagreeable.

I went down to Cairo the other day and visited all the ancient sights as pyramids, sphinx, etc. They said that the old sphinx was built in 3667 B. C. Some of the pyramids were built about 1500 B. C. I also saw a mummy at the Museum where some of the relics from King Tut's are, that was said to be the Pharaoh that persecuted the Israelites and drove them thru the Red Sea. Some of the jewelry that is thousands of years old looks almost as if it was modern. They even have goats and cats and monkeys that are mummified. Even the hair on the heads of some of the mummies are still sticking on.

To start at the beginning of the trip we left here at 8:00 A. M. on Friday morning, Feb. 22, Washington's birthday and arrived in Cairo about noon. About one-half of the way from here to Cairo is desert and then you come to the Nile valley and the vegetation becomes very rich and beautiful. You see many camels carrying loads of vegetables and various other stuff slowly walking down the roads with their drivers squatted on the top of the load. They even use camels for plowing the fields with their old fashioned plows about the same as they used 1000 years ago. The country is irrigated by canals from the Nile and the water is drawn from the canals by oxen walking around in a circle turning a wheel which has cogs which turns another large wheel and lifts the water out of the canal and pours it into a small ditch running directly through the fields. The country is really beautiful with its palm trees and exquisite green fields. When we arrived in Cairo we found that most of the hotels were entirely filled as they said that 1000 Americans had arrived that morning. We finally found a very nice room and took our meals at various restaurants. The first afternoon we took a tramway and went out to the Nile river. It is divided into two branches in Cairo and meets a mile or so farther on. There were hundreds of houseboats on the river and many small sail boats which were fishing boats, I guess. The natives use the river banks for a kind of bathing beach. At one place you will see a group of women washing vegetables in the river and at another place some women washing clothes and a few yards from them some men in bathing. The men do not wear any bathing suits, and run around in front of all the women entirely devoid of any wearing apparel. In another spot a little higher up from the bathers was a stone floor about 15 ft. square which the natives use for their prayers. We walked along the river for several miles and saw many very beautiful parks with palm trees and other peculiar trees which I do not know the name of. Saturday morning we took a carriage and drove around through the

Wolf Mother Unable To Care Properly For Her Family of Six Puppies, Cat Adopts Two of Them

When attendants of the Minneapolis Animal Rescue League found that a wolf could not mother all of her half dozen wolf-dog puppies, two of the little fellows were turned over to an Angora mother cat. She promptly adopted them and treats them as if they were kittens. The puppies are a cross between a wolf and a water-Spaniel.

bazaars of the city and the native section. It is very interesting to see the hundreds of little shops where men and women are working at making rugs, brass ware, shoes, etc. In the afternoon we took a tram out of the city to see the pyramids. They are out of Cairo about 10 miles and on the edge of the desert. We hired a camel and rode from the Mena house, a very large and expensive hotel near the edge of the desert, up to the pyramids. There are two large pyramids at this place and about 1/4 mile from these is the sphinx. MAY MEETING
OF D. A. R. HELD

Mrs. M. A. Bronson Elected Regent,
Mrs. E. F. Fleener, Correspond-
ing Secretary

HISTORIAN MRS. F. W. WIELAND

Chief Object of Association is to
Foster Patriotism
Generally

The May meeting of the Samuel
Huntington chapter of the Daughters
of the American Revolution was held
at the home of Mrs. Irma C. Hartley
recently.

This being the annual meeting,
the following officers were re-elected:

Regent—Mrs. M. A. Bronson.
Vice Regent—Mrs. R. T. Camp-
bell.

Corresponding Secretary—Mrs. E.
T. Fleener.

Recording Secretary—Mrs. Louis
Knudsen.

Registrar—Mrs. J. M. Hayes.
Color bearer—Mrs. J. R. Smith.
Historian—Mrs. F. W. Wieland.
Chaplain—Mrs. Leona B. Treg-
lawn.

The resignation of Mrs. M. K.
Swartz as treasurer was accepted and
Mrs. O. J. Bouma was elected to that
office.

One of the chief objects of the
Daughters of the American Revolution
throughout the United States is
to foster patriotism and encourage
and assist in Americanization of the
aliens. For this purpose the National
Society of D. A. R. has put out a
"Manual of the United States,"
which is very highly endorsed by
examiners for naturalization. The
BRAINERD chapter voted to procure
and present to each one who attends
night school or otherwise endeavors
to become an American citizen, one
of these manuals for his assistance.

This chapter has been given
charge of the graduating exercises
of the naturalization class at the
November term of the district court.
Mrs. R. T. Campbell and Mrs. E.
T. Fleener attended the Minnesota
council of Americanization held
recently at St. Paul, of which this
chapter is a member. Among the
speakers were professors from the
university, prominent county super-
intendents, judges from various
cities of the state, and others inter-
ested in Americanization work,
the most prominent perhaps, being
J. J. Davis, secretary of labor, who
controls immigration and Ameri-
canization.

The subjects greatly stressed at
meeting of the council were general
law enforcement, getting behind the
night school work, and Americaniza-
tion efforts. The two delegates to
this meeting also represented the
local chapter at a Sibley House coun-
cil meeting held at about the same
time at Mendota.

The Sibley House was the home of
Minnesota's illustrious first governor
and is a famous landmark, now own-
ed by the Minnesota D. A. R. It
is furnished with priceless relics and
heirlooms, donated by interested per-
sons. The management reported 715
visitors between its opening day,
April 15th of this year, and May
23rd. The BRAINERD chapter, one of
the youngest in the state, made a
substantial donation toward some
special improvements on the grounds
not otherwise provided for.

At the close of the business ses-
sion of the local chapter meeting,
Mrs. W. H. Gemmell was presented
with a beautiful bouquet of roses.
Mrs. Bronson making the presenta-
tion. Mrs. Gemmell in reply spoke
most warmly of BRAINERD, and ex-
pressed her intention of keeping in
close touch with matters here.

The next meeting of the BRAINERD
chapter is scheduled for June 14th,
Flag Day.

Mrs. Hartley served delightful re-
freshments, assisted by Miss Irma
Seegar.

Just Give It Time

A woman of artistic pretensions in-
vited an expert to view an *esquisse*
which she had picked up at rather a
high figure.

"An antique," she explained.
He responded politely to the call
and went through all the motions of
making a scientific examination, view-
ing the inlay, the varnish and the al-
leged wormholes through a magnify-
ing glass. Then he shook his head
and told her he feared she had been
misled, that it was a fine bit of fur-
niture, but not an antique.

The collector took it calmly enough.
"No matter," she said cheerfully,
"it will be before I finish the payments
on it."—Collier's.

Warden Destroys Fish Trap.

An Indian fish trap in the Charlton
river, Missouri, which has been in use
for 100 years, has just been destroyed
by the game and fish commissioner.

EXILES FIND PEACE
IN CANADIAN CITY

Russian Aristocrats Forget
Sorrows in Their Labors.

Employed chiefly as sales girls or as
common laborers, a colony in Toronto
of Russian aristocrats, exiled from
their own country, already includes 30
or 40 members, says the Boston Tran-
script.

The story of Baroness Lozina Lo-
zinsky, daughter of Russia's last min-
ister of justice, now a sales girl in
Toronto, is typical.

Here is another sales girl in a local
gift shop, Mme. Zola Stasenka, slender,
blonde, with the carriage of the
salon, and the hands and features of
an artist. But those slender hands
now handling delicate bric-a-brac have
gripped the handles of a Vickers ma-
chine gun. Those gentle eyes have
squinted the sights of a mitrailleuse.

For Madame Stasenka is one of the
few survivors of the famous Korniloff
regiment, was decorated for bravery
on the field of battle, and served as a
machine gunner in Baron Wrangel's
ill-fated campaign against the Bol-
shevik forces. She began her military
service as a field nurse. Later she
was one of a horde of 10,000 herded in
Constantinople barracks where typhus
took a toll of 3,000.

Another sales girl is Mme. Valentina
Gloushkova, a dark Circassian. For
two and a half years she served as a
nurse attached to the brigade to
which her husband's regiment was at-
tached, seeing much fighting in the
Crimea and around Odessa. When
disaster and disorganization overtook
the Russian forces, this fine horsewoman
found her place, not in the hospital
tents, but helping with the carrying
forward of ammunition and the evacua-
tion of the wounded from the forward
area.

When final desolation fell she found
her way to Constantinople, where she
shared with Madame Stasenka the hor-
rors of the typhus barracks. Neither
have heard of their husbands, who
were Russian officers, since the de-
bacle.

In a large local factory is a laborer,
who is Baron Nicolai Ropp, once an
officer of the Imperial guard, and the
only surviving member of one of the
oldest families in Russia. Watch him
at work piling wood on flat cars, and
try to imagine him as he once was, an
exquisite of St. Petersburg, a dandy at
the court of the last czar.

Walk into the Royal Ontario mu-
seum and watch a middle-aged man at
work dusting cases. Then try to pic-
ture him in uniform and gold lace on
the bridge of a battleship answering
the salutes of officers as they spring to
attention at his approach. An admi-
ral of the Russian fleet, Guideneff,
who, like Nelson, lost an eye in the
service of his country, turned museum
cleaner, his arms now a mop and a
duster.

Here is a factory where dolls are
made, keeple dolls, the beautiful blue-
eyed babies of the summer speller.
Two men bend over with brushes at a
bench industriously painting ruby lips
and rose-leaf blushes on waxen faces.
One of these men who thus turns out
prizes for the boardwalk flappers is
Capt. Paul Danichik, formerly of the
Russian navy; the other, Capt. Victor
Grommoff of the guards.

Then again, in a factory which
makes washing machines, a mechanic
works, Capt. Vladimir Markoff, holder
of the St. George's cross, the Russian
V. C. He is almost a cripple from
wounds, but his spirit still soars high.

Tall Woman Handicapped

It is the tiny women who have in-
spired all the sweet pet names of love.
Duckie. My little cabbage. Snookie-
oomums. Honey. Dumpling. Baby.
Kiddle. Dear little thing.

No woman of stock size ever in-
spired anything more important than
darling, angel, or dearest.

And there is something about hold-
ing up your cheek for a kiss which
your tall woman, who must graciously
incline her head to receive, never,
never realizes or relishes.

And there is something still more
about being folded tenderly to a mas-
culine bosom, there to rest like a
sweet tired bird, which no perfect six-
footer can ever know.—From "Glad-
Eye Views," by Jane Doe.

"Dinner Pail" Gone

The noon whistle sounded and, work
on the foundation of an apartment
ceased, while the diggers sought their
lunches and prepared to eat. It was
then that the amateur observer noticed
that not only was the old dinner pail
conspicuous by its absence, but that
other niceties in regard to the noon
meal have been inaugurated.

Instead of sitting down in the lee of
some walk to munch sandwiches, one
of the men produced a packing case,
spread a newspaper over it as a cloth
and the workers, seating themselves
around it, proceeded to eat their
lunches off paper plates.—New York
Sun and Globe.

FORMAL OPENING
OF BREEZY POINT

Season Ushered in June 10 on First
Day of the State Trapshooting
Tournament

EVENING DINNER-DANCE

Many From Brainerd, Pequot, Pine
River, Walker, St. Cloud, Iron
Range to Attend

The formal opening of Breezy Point
Lodge will occur on Tuesday, June
10, first day of the Minnesota State
Trapshooting Tournament, and will
be signaled by a dinner and dance
given 6:30 to 8:45 P. M. at a charge of
\$5 per couple.

At 9 o'clock there will be a beauti-
ful display of fireworks. A large at-
tendance is expected from Brainerd,
Pequot, Crosby, Ironton, Aitkin,
Walker, Pine River, St. Cloud, Little
Falls and other points. The event
has been advertised in many papers
of Central Minnesota.

That it will be a most brilliant
function is further evidenced by the
fact that it will also have present
the kings and other devotees of the
trapshooting world of the United
States and Canada.

The resort is rapidly having all
reservations taken and cottages are
filling with resorters from the twin
cities and other cities as far distant
as New York. An orchestra has
been engaged for the season. Addi-
tional acreage has been added to
Breezy Point, some eighty acres to
the south and forty or more to the
north.

The nine hole golf links are being
rapidly completed and will be opened
with the grand tournament July 4th,
covering three days' playing. The
Breezy Point golf club is a member
of the State Association. Roscoe
Fawcett is president of the associa-
tion and Miss Ada Anderson is sec-
retary.

Some of the most noted golfers of
America will be entered in the tour-
nament. Captain and Mrs. Fawcett
have made every effort to provide a
golf course which will compare with
the best in the east.

A new and imposing entrance to
the Breezy Point grounds has been
erected, the design having been ap-
proved by Mrs. Fawcett. The beach
has been made of such beauty that
its expanse of soft sands compares
with Atlantic City. The cafe need-
ed more room and an addition was
completed this spring. The French
chef and his corps of assistants are
on hand and the fame of Breezy
Point's steak dinners will continue
to gain wider renown.

Conscientious Edna

A motorist speeding through a coun-
try neighborhood killed a hen. He
stopped and pressed a \$2 bill into the
hand of little Edna who was on her
way to neighbor Reed's. Edna ran
and told her mamma of her good for-
tune.

"Well," said her thrifty mother,
"put the money in your bank and I
will cut the hen's head off so we can
eat her."

"Perhaps, mamma," said Edna
thoughtfully, "as long as we have the
money we had better let the Reeds
eat the hen. It was their hen."—Bos-
ton Transcript.

Old-Time Frumenty

Few people have frumenty offered
them as food in these modern days,
although there was a time when it was
served on tables in many lands and
was popular.

It was made by boiling whole wheat
hulled in water until it was soft, then
draining, adding milk, sweetening and
nutmeg flavor, or to make what was
known as Somersetshire frumenty,
there were added currants, raisins and
eggs.

Food specialists would be glad to
see it brought back for the dietetic ad-
vantage of getting the whole wheat
grain for food.—Ohio State Journal

RUB PAIN OUT OF
RHEUMATIC JOINTS

For 65 years, millions have rubbed
soothing, penetrating St. Jacobs Oil
right on the tender
spot, and by the time
they say Jack Robin-
son—out comes the
rheumatic pain and
distress. St. Jacobs
Oil is a harmless rheu-
matism and pain lin-
iment which never dis-
appoints and doesn't
burn the skin. It takes
pain, soreness and
stiffness from aching
joints, muscles and bones; stops sci-
atica, lumbago, backache and neur-
algia. 35 cent bottle guaranteed by
all druggists.—Advt.

Thousands of Women
Gather at Los Angeles

Los Angeles, June 3.—Thousands
of women, assembled from every sec-
tion of the United States, were gath-
ering here today, and all in one mood
—to serve womankind and humanity.
Philharmonic Auditorium, the
city's largest, will be the Mecca to-
ward which these pilgrims will con-
verge tonight, where will occur the
formal opening of the Seventeenth
Biennial Convention of the General
Federation of Women's Clubs, end-
ing June 13. Six thousand clubs,
with a membership of more than 2-
000,000, are represented.

Variegated colors, attractive gowns
in a wide range of modes, pinnons
and banners hanging from the bal-
conies or waved heartily by enthusi-
astic delegates, and the white and
yellow badges with their dark blue
letters lending a touch of formality
and duty to the assemblage — this
will be the picture at the opening
session of the great event.

Mrs. Joseph Francis Sartori, chair-
man of the California Local Biennial
Board, expressing the spirit of Cali-
fornia hospitality, will extend the
west's welcome to the visitors. Mrs.
Sartori's greeting will be seconded
by Mrs. John C. Urquhart, president
of the California Federation of Wom-
en's Clubs.

Outlining the theme of the con-
vention, Mrs. Thomas G. Winters,
president of the General Federation
of Women's Clubs, will deliver the
"keynote" address at tonight's ses-
sion. She will outline the great pur-
poses of clubdom and the aim of this
convention.—"to extend the influ-

ence of women's clubs toward the
elevation of our national life and the
achievement of 'an international will
to peace.'"

Following Mrs. Winter's address,
the delegates will adjourn to the
Biltmore Hotel, where California
clubwomen will give a reception in
honor of the visitors. There will be
eight receiving lines, at which dele-
gates and guests will meet the na-
tional officers. The reception will
be the first of 200 various functions
which have been arranged for the
entertainment of the convention
body, or different groups of dele-
gates, during the 12 days.

Interspersed with the various busi-
ness sessions, the convention will be
addressed by persons of international
prominence. Mrs. Carrie Chapman
Catt, Paul Harvey, editor of the In-
ternational Interpreter; Secretary of
Commerce Hoover and Whitman Wil-
liams, well known economic worker,
are on the list of speakers.

Aside from the convention duties,
a wealth of diversions has been ar-
ranged. Saturday will be "play
day," with trips arranged to the sea-
shore, mountains, Hollywood Studios
and various country clubs.

Sunday at sunset, in the famous
Hollywood Bowl, there will be held
an impressive memorial service. Special
musicales will be evening fea-
tures.

Election of national officers will
occur Wednesday, June 11, with the
delegates going to the polls in true
political fashion. The voting will
continue all day, and the new lead-
ers of the organization will be pre-
sented to the convention Friday eve-
ning, June 13, at the closing session
of the biennial conclave.

Kellogg's Bran did more in two weeks
than medicine taken in 20 years

Out of regard for your own health,
read this letter:

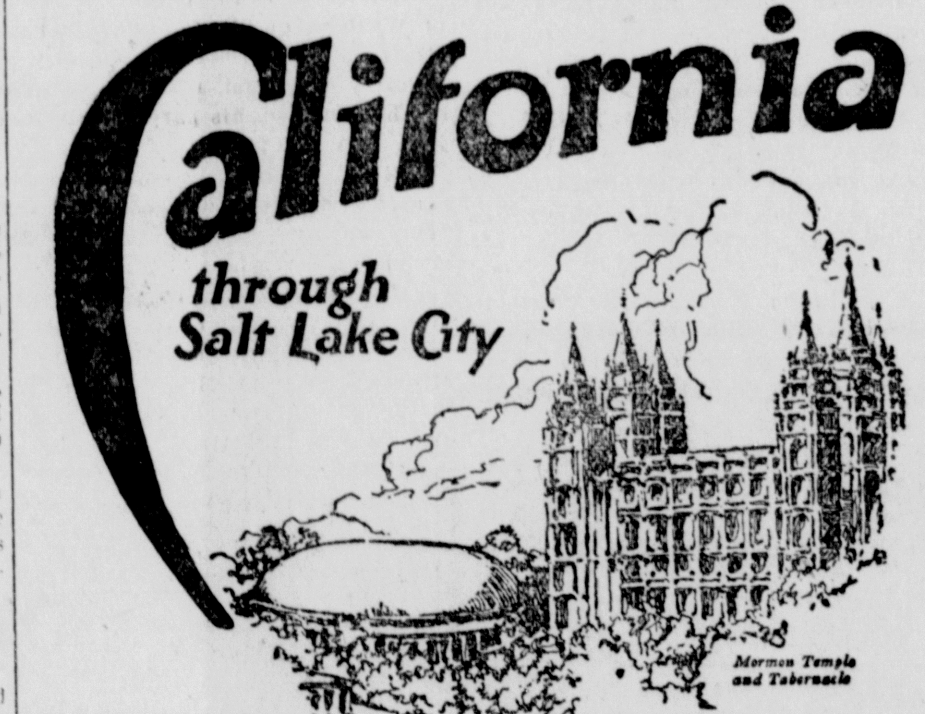

Gentlemen:
Your "Krumbled Bran," used by
me as a cereal, has done more for
me in two weeks than the hundreds
of dollars' worth of medicine I have
taken in last twenty years for
constipation. It is wonderful, and
it is so simple. Yours truly,
Arlington H. Carman,
Patchogue, N. Y.

Mr. Carman's experience has been
duplicated in thousands of homes.
Why does Kellogg's Bran succeed
when drugs and pills fail? The answer
is simple. Drugs have an unnatural
effect upon the bowels. They irritate
the intestines. The more they are
used, the more one has to use. Finally,
they have no effect at all.

Kellogg's Bran STIMULATES the

intestines. It cleans, sweeps and puri-
fies them. It acts exactly as nature
acts. And it is never necessary to in-
crease the amount eaten. If eaten
regularly, Kellogg's Bran is guaran-
teed to bring permanent relief to the
most chronic cases of constipation, or
your grocer returns your money. For
Kellogg's Bran is ALL bran. Nothing
but ALL bran can be so effective.
That is why doctors recommend
Kellogg's.

The wonderful, nut-like flavor of
Kellogg's Bran is exclusive. It is de-
licious—totally unlike ordinary bran.
Eat two tablespoonfuls daily—in
chronic cases, with every meal. Eat it
with milk or cream and in the recipes
on every package. Kellogg's Bran,
cooked and krumbled, is made in Battle
Creek. Sold by all grocers.

MAY MEETING OF D. A. R. HELD

Mrs. M. A. Bronson Elected Regent,
Mrs. E. F. Fleener, Correspond-
ing Secretary

HISTORIAN MRS. F. W. WIELAND

Chief Object of Association is to
Foster Patriotism
Generally

The May meeting of the Samuel Huntington chapter of the Daughters of the American Revolution was held at the home of Mrs. Irma C. Hartley recently.

This being the annual meeting, the following officers were re-elected:

Regent—Mrs. M. A. Bronson.
Vice Regent—Mrs. R. T. Campbell.

Corresponding Secretary—Mrs. E. T. Fleener.

Recording Secretary—Mrs. Louis Knudsen.

Registrar—Mrs. J. M. Hayes.

Color bearer—Mrs. J. R. Smith.

Historian—Mrs. F. W. Wieland.

Chaplain—Mrs. Leona B. Treglawny.

The resignation of Mrs. M. K. Swartz as treasurer was accepted and Mrs. O. J. Bouma was elected to that office.

One of the chief objects of the Daughters of the American Revolution throughout the United States is to foster patriotism and encourage and assist in Americanization of the aliens. For this purpose the National Society of D. A. R. has put out a "Manual of the United States," which is very highly endorsed by examiners for naturalization. The Brainerd chapter voted to procure and present to each one who attends night school or otherwise endeavors to become an American citizen, one of these manuals for his assistance.

This chapter has been given charge of the graduating exercises of the naturalization class at the November term of the district court.

Mrs. R. T. Campbell and Mrs. E. T. Fleener attended the Minnesota council of Americanization held recently at St. Paul, of which this chapter is a member. Among the speakers were professors from the university, prominent county superintendents, judges from various cities of the state, and others interested in Americanization work, the most prominent perhaps, being J. J. Davis, secretary of labor, who controls immigration and Americanization.

The subjects greatly stressed at meeting of the council were general law enforcement, getting behind the night school work, and Americanization efforts. The two delegates to this meeting also represented the local chapter at a Sibley House council meeting held at about the same time at Mendota.

The Sibley House was the home of Minnesota's illustrious first governor and is a famous landmark, now owned by the Minnesota D. A. R. It is furnished with priceless relics and heirlooms, donated by interested persons. The management reported 715 visitors between its opening day, April 15th of this year, and May 23rd. The Brainerd chapter, one of the youngest in the state, made a substantial donation toward some special improvements on the grounds not otherwise provided for.

At the close of the business session of the local chapter meeting, Mrs. W. H. Gemmell was presented with a beautiful bouquet of roses. Mrs. Bronson making the presentation. Mrs. Gemmell in reply spoke most warmly of Brainerd, and expressed her intention of keeping in close touch with matters here.

The next meeting of the Brainerd chapter is scheduled for June 14th, Flag Day.

Mrs. Hartley served delightful refreshments, assisted by Miss Irma Seegar.

Just Give It Time

A woman of artistic pretensions invited an expert to view an *exquisite* which she had picked up at rather a high figure.

"An antique," she explained.

He responded politely to the call and went through all the motions of making a scientific examination, viewing the inlay, the varnish and the alleged wormholes through a magnifying glass. Then he shook his head and told her he feared she had been misled, that it was a fine bit of furniture, but not an antique.

The collector took it calmly enough. "No matter," she said cheerfully, "it will be before I finish the payments on it."—Collier's.

Warden Destroys Fish Trap.

An Indian fish trap in the Charlton river, Missouri, which has been in use for 100 years, has just been destroyed by the game and fish commissioner.

EXILES FIND PEACE IN CANADIAN CITY

Russian Aristocrats Forget
Sorrows in Their Labors.

Employed chiefly as sales girls or as common laborers, a colony in Toronto of Russian aristocrats, exiled from their own country, already includes 30 or 40 members, says the Boston Transcript.

The story of Baroness Lozina Lozinsky, daughter of Russia's last minister of justice, now a sales girl in Toronto, is typical.

Here is another sales girl in a local gift shop, Mme. Zola Stasenka, slender, blonde, with the carriage of the salon, and the hands and features of an artist. But those slender hands now handling delicate bric-a-brac have gripped the handles of a Vickers machine gun. Those gentle eyes have squinted the sights of a mitrailleuse.

For Madame Stasenka is one of the few survivors of the famous Korniloff regiment, was decorated for bravery on the field of battle, and served as a machine gunner in Baron Wrangel's ill-fated campaign against the Bolshevik forces. She began her military service as a field nurse. Later she was one of a horde of 10,000 herded in Constantinople barracks where typhus took a toll of 3,000.

Another sales girl is Mme. Valentina Gloushkova, a dark Circassian. For two and a half years she served as a nurse attached to the brigade to which her husband's regiment was attached, seeing much fighting in the Crimea and around Odessa. When disaster and disorganization overtook the Russian forces, this fine horsewoman found her place, not in the hospital tents, but helping with the carrying forward of ammunition and the evacuation of the wounded from the forward area.

When final desolation fell she found her way to Constantinople, where she shared with Madame Stasenka the horrors of the typhus barracks. Neither have heard of their husbands, who were Russian officers, since the debacle.

In a large local factory is a laborer, who is Baron Nicolai Ropp, once an officer of the Imperial guard, and the only surviving member of one of the oldest families in Russia. Watch him at work piling wood on flat cars, and try to imagine him as he once was, an exquisite of St. Petersburg, a dandy at the court of the last czar.

Walk into the Royal Ontario museum and watch a middle-aged man at work dusting cases. Then try to picture him in uniform and gold lace on the bridge of a battleship answering the salutes of officers as they spring to attention at his approach. An admiral of the Russian fleet, Guidenoff, who, like Nelson, lost an eye in the service of his country, turned museum cleaner, his arms now a mop and a duster.

Here is a factory where dolls are made, kewpie dolls, the beautiful blue-eyed babies of the summer speller. Two men bend over with brushes at a bench industriously painting ruby lips and rose-leaf blushes on waxen faces. One of these men who thus turns out prizes for the boardwalk flappers is Capt. Paul Danichich, formerly of the Russian navy; the other, Capt. Victor Grommoff of the guards.

Then again, in a factory which makes washing machines, a mechanic works, Capt. Vladimir Markoff, holder of the St. George's cross, the Russian V. C. He is almost a cripple from wounds, but his spirit still soars high.

Tall Woman Handicapped

It is the tiny women who have inspired all the sweet pet names of love. Duckie. My little cabbage. Snookie-ookums. Honey. Dumpling. Baby. Kiddie. Dear little thing.

No woman of stock size ever inspired anything more important than darling, angel, or dearest.

And there is something about holding up your cheek for a kiss which your tall woman, who must graciously incline her head to receive, never, never realizes or relishes.

And there is something still more about being folded tenderly to a masculine bosom, there to rest like a sweet tired bird, which no perfect six-footer can ever know.—From "Glad-Eye Views," by Jane Doe.

"Dinner Pail" Gone

The noon whistle sounded and work on the foundation of an apartment ceased, while the diggers sought their lunches and prepared to eat. It was then that the amateur observer noticed that not only was the old dinner pail conspicuous by its absence, but that other necessities in regard to the noon meal have been inaugurated.

Instead of sitting down in the lee of some walk to munch sandwiches, one of the men produced a packing case, spread a newspaper over it as a cloth and the workers, seating themselves around it, proceeded to eat their lunches off paper plates.—New York Sun and Globe.

Great Idea

Charles Doering, chief clerk in the street and bridge department, discovered in a magazine the other day that a form of rubber paving is being tried out in London. A friend of Mr. Doering's immediately urged him to run for street and bridge commissioner of Houston on the rubber paving ticket.

"Why, think of the saving that could be made," argued the friend. "You could lay a block of rubber pavement, and then hook a tractor to it and stretch it out for three or four blocks."—Houston Post.

FORMAL OPENING OF BREEZY POINT

Season Ushered in June 10 on First
Day of the State Trapshooting
Tournament

EVENING DINNER-DANCE

Many From Brainerd, Pequot, Pine
River, Walker, St. Cloud, Iron
Range to Attend

The formal opening of Breezy Point Lodge will occur on Tuesday, June 10, first day of the Minnesota State Trapshooting Tournament, and will be signaled by a dinner and dance given 6:30 to 8 P. M. at a charge of \$5 per couple.

At 9 o'clock there will be a beautiful display of fireworks. A large attendance is expected from Brainerd, Pequot, Crosby, Ironton, Aitkin, Walker, Pine River, St. Cloud, Little Falls and other points. The event has been advertised in many papers of Central Minnesota.

That it will be a most brilliant function is further evidenced by the fact that it will also have present the kings and other devotees of the trapshooting world of the United States and Canada.

The resort is rapidly having all reservations taken and cottages are filling with resorters from the twin cities and other cities as far distant as New York. An orchestra has been engaged for the season. Additional acreage has been added to Breezy Point, some eighty acres to the south and forty or more to the north.

The nine hole golf links are being rapidly completed and will be opened with the grand tournament July 4th, covering three days' playing. The Breezy Point golf club is a member of the State Association. Roscoe Fawcett is president of the association and Miss Ada Anderson is secretary.

Some of the most noted golfers of America will be entered in the tournament. Captain and Mrs. Fawcett have made every effort to provide a golf course which will compare with the best in the east.

A new and imposing entrance to the Breezy Point grounds has been erected, the design having been approved by Mrs. Fawcett. The beach has been made of such beauty that its expanse of soft sands compares with Atlantic City. The cafe needed more room and an addition was completed this spring. The French chef and his corps of assistants are on hand and the fame of Breezy Point's steak dinners will continue to gain wider renown.

Conscientious Edna

A motorist speeding through a country neighborhood killed a hen. He stopped and pressed a \$2 bill into the hand of little Edna who was on her way to neighbor Reed's. Edna ran and told her mamma of her good fortune.

"Well," said her thrifty mother, "put the money in your bank and I will cut the hen's head off so we can eat her." "Perhaps, mamma," said Edna thoughtfully, "as long as we have the money we had better let the Reeds eat the hen. It was their hen."—Boston Transcript.

INSURE WATER FOR WEST SIDE

Resolution Adopted by City Council
Enables Water and Light Board
to Complete Work

PAVING MATTERS DISCUSSED

City Engineer Instructed to Secure
Cash Bonds From Property
Owners on Such Streets

At the regular meeting of the city council on Monday evening, R. C. Falconer with a committee from West Brainerd, appeared in regard to the completion of water mains to that part of the city, work on which was started some time ago, but delayed on account of funds. A resolution was presented authorizing the sinking fund commissioners to take up interest coupons in waterworks bonds maturing on July 1st, 1924 in the sum of \$7,500, and that the purchase of public utility interest coupons be approved, thus giving the water and light board the opportunity to complete the water mains to West Brainerd.

The matter of proposed paving, bids for which were received at the last meeting of the council, was discussed, and the city engineer was instructed to make an effort to procure cash bonds from the property owners on the streets to be paved and to report at a meeting of the council to be called by the chair.

A letter was read from W. H. Strachan, superintendent of the Lake Superior division of the Northern Pacific railway, stating that his company cannot see the necessity of a light at the crossing in West Brainerd where Trunk Highway No. 2 crosses the tracks. This matter was taken up with the railway company some time ago, with a request that the company put in a crossing light to eliminate danger in crossing the tracks.

A petition signed by fifteen taxpayers, representing 1,150 feet of property on South Broadway, was received, requesting that the paving on that street be done with Tarmac. The petition was received and placed on file.

Applications for licenses to sell milk and cream in the city were presented by Steve Jelacic, Andrew Erickson, J. P. Strobel, Mrs. Mary Anderson and Swan Peterson. All were recommended by the city dairy inspector and on motion licenses to all were ordered granted.

10 Mushroom Lights Ordered

A letter was received from the Brainerd Foundry Company, in regard to manufacturing mushroom lights for the city, and quoting a price of \$25 each in quantities of ten or more lights. On motion ten mushroom lights were ordered purchased.

E. C. Bane and A. T. Fisher made application to operate a two-pump gasoline filling station at the corner of Thirteenth and Oak streets on lot 7, block 19, being the Babcock property. On motion the application was allowed and a license ordered issued.

The city engineer was instructed to put a traffic sign at the intersection of Thirteenth and Oak streets. This is to be a danger sign, and will not be placed in the street where it will be an obstruction.

Full Time Fire Chief

An appreciation, signed by eleven insurance agents of the city, was received endorsing the recommendation of Mayor Con O'Brien in the matter of putting a full time fire chief on to inspect buildings, basements and all fire hazards together with the extra equipment of fire apparatus. This was accepted and ordered filed.

A resolution was offered by C. H. Paine, supported by Andrew Wesley that a sidewalk six feet in width and three inches thick be constructed along the side of the following described properties: South side of lots 1 and 24, block 138; south side of lot 24, block 140; south side of lot 1, block 69; south side of lots 1 and 24, block 71; south side of lots 1 and 24, block 189; south side of lots 1 and 24, block 191. On roll call, the resolution was adopted.

Alley in Block 194

On motion the matter of an alley requested in block 194 is referred to the engineer and he is to work out some plan that will be satisfactory to all concerned.

A communication from the League of Minnesota Municipalities was read, inviting a large delegation from the local council to attend the league's annual meeting to be held this year at Detroit, Minn. The matter of naming delegates was left

until the next meeting of the council.

A representative of the W. S. Nott Co., dealers in fire fighting apparatus, appeared before the council, and invited the fire committee to inspect several pieces of apparatus which the company has in its Minneapolis office. No action was taken on the matter, the fire committee requesting more time in looking into apparatus, which was granted.

On motion carried, the street light at the corner of Maple and South Sixth streets is to be transferred to the corner of Maple and South Fifth.

Sidewalks and Streets Report

Various sidewalks and streets were reported in bad condition, including walks along the Lampert Bros. Lumber Co., on Fourth avenue between B and C streets, Elks property on Laurel street, Oak street between Sixth and Seventh streets. The city engineer was instructed to give these property owners notice to make the necessary repairs, which if not taken care of at once will be repaired by the city and the property affected assessed. The city engineer was further instructed to see that stand pipes above ground be cut down to the correct height.

Oak Street Repairs

The city clerk was instructed to write property owners on Oak street, between Seventh and Eighth streets to repair a hole in the street which has been a menace for some little time. If it is not done the city will make the repair and assess the property for the costs.

The property committee reported that a bid had been received to clean the jail for \$30, and this bid had been accepted, work to be done at once. The curbing in the alley at the rear of the fire department and the city hall was reported completed and the city's lot near the bridge on Laurel street has been cleaned up.

The council discussed the matter of curbing Pine street, a petition being received from some of the property owners asking that their names be removed from a former petition protesting against this curbing. On motion the city engineer is to prepare an estimate of curbing on East Pine street from Eleventh to Sixteenth streets.

The usual bills were allowed, subject to the approval of the finance committee. All members of the council were present except Alderman Witham.

ST. FRANCIS IS CLOSING YEAR

Graduating Exercises at End of Term
to be Held Friday Afternoon,
June 13

30 MEMBERS IN CLASS

Parents of Graduates Cordially Invited to Attend the Exercises

St. Francis school is closing its school year this week, and will hold its graduating exercises on Friday afternoon, June 13th.

There are thirty members in the graduating class of 1924, one of the largest the school has had. The exercises will be held at 2:30 o'clock on Friday afternoon, and will be of a very simple nature. Parents of the graduates are cordially invited to attend.

The list of those completing the course offered by St. Francis school will be available later in the week, and will be published at that time, together with the graduating program.

Concordia Society

The Concordia society of the Bethlehem Lutheran church will meet this evening, Tuesday, in the church at 8 o'clock. The hosts are Mr. and Mrs. Gilbert Antonson and Mr. and Mrs. Severin Antonson. You are invited to come and enjoy the following program:

Vocal solo—Mrs. Gertrude Oechenro.
Recitation—Helen Marie Stadlbauer.

Saxophone and violin duet—Arline Miller and Roland Jenkins.

Violin solo—Lorraine Morrison, accompanied by Mrs. Norman F. Ziebell.

Vocal solo—Arline Miller, boy soloist.

Piano solo—Gerald Halvorson.

Vocal solo—Roland Jenkins.

Vocal duet—Miss Arline Hagberg and Miss Hazel Coper.

Piano solo—Miss Gladys Engretson.

DROPPED DEAD WHILE AT WORK

D. C. C. MacDonald, Aged About 65,
Died While Working on Gant
Place Near Nisswa

APOPLEXY WAS CAUSE

Body Found by Friends and Coroner
D. E. Whitney Called From
Brainerd

D. C. C. MacDonald, a man about 65 years old and supposed to be employed by the firm of Gerard and Kimball Inc., 424 Second Ave., S. Minneapolis, Minn., dropped dead while at work, remodeling the old Gant Place near Nisswa. The building was being made over to serve as a lake office.

It was the opinion of D. E. Whitney, coroner, that MacDonald had died from an attack of apoplexy after noon, on Monday, June 2. The evidence pointed to the fact that he had eaten his lunch and had gone to the spring below the building for some water and while there had succumbed to the attack.

J. A. Swanson, proprietor of the general merchandise store at Nisswa, and some friends found the body at the spring when they became anxious over the non-appearance of the old man along about 5 o'clock and started a search for him. Mr. Swanson who notified the coroner believed that the deceased has relatives in Canada. The remains will be held at the morgue pending instructions from the relatives.

TOURIST PARK AGAIN POPULAR

Over 100 Cars Arrived Since Informal
Opening of the Park Took
Place Last Week

TO BE SELF-SUSTAINING

Moderate Charge Inaugurated and
Gas, Gas Ranges, Hot and Cold
Water, Etc., Furnished

Brainerd's Tourist Park, famous the nation over because of the conveniences furnished, is this season under Park Board management and has been ordered placed on a self-sustaining basis. A moderate charge is made, and the service offered is almost equivalent to a hotel.

Some 100 cars registered since the informal opening last week. Now that the gas has been turned on by the gas company, the system of charge accommodations will be inaugurated.

The Bethel Lutheran Boy Scouts Troop No. 2, from Willmar, arrived at Brainerd enroute to Itasca State Park for a week's outing. Twenty-three boys were in the party in charge of Troop Commander Endersbe, and their stay at the Tourist Park was a most pleasant one. O. B. Auguson of the Willmar Tribune, in the party, said the camp was the best seen in their two years of summer vacationing trips.

Gil Keene is again caretaker at the Tourist Park. He is so well liked that the letters praising him form a large group.

All owners desiring care of their lots at Evergreen Cemetery, will please pay G. W. Chadbourne. Full lots \$5, half lot \$3. 2381f

BAND CONCERT AT LUM PARK

Captain Kidd's High School Band to
Play on Wednesday
Evening

STUDENTS FROM WAUKON

Band Consists of 30 Pieces, Practically
Equally Divided Between
Girls and Boys

The first band concert of the season will be held at Lum park on tomorrow, (Wednesday) evening, and will be given by Captain Kidd's high school band of Waukon, Minnesota.

The park board announces that it has made preparations to take care of a record attendance at this initial concert, and feels sure that an exceptionally large number will turn out to hear the juvenile band and to see the many improvements made in beautiful Lum park since last season.

It will be remembered that the Waukon band played in Brainerd last summer, and received a very hearty welcome. Last year was the first year the band played in public, and it gave its concert in Brainerd about three months after its first appearance in concert work. Since that time it has improved wonderfully and has made a decidedly good impression wherever it has appeared.

The band consists of about thirty pieces, practically equally divided as to boys and girls. All are members of the Waukon high school and are under the direction of Superintendent C. Schofield. The band travels by truck. Its concert in Brainerd Wednesday evening is given just previous to the starting of its annual summer tour.

A big dance will follow the concert, music to be furnished by Mitzi's famous orchestra.

It is the intention of the park board to have at least one free concert each week during the summer season, and it is expected that Brainerd music-lovers will take full advantage of these occasions.

LIND FAMILY REUNION

First Time in 20 Years All Members
of J. A. Lind Family Together
at Brainerd Home

Charles A. Lind, patent attorney, of Washington, D. C., and a former Brainerd boy, arrived in the city on Tuesday to attend a family reunion at the home of his parents, Mr. and Mrs. J. A. Lind.

All of the other members of the family are in the city to attend this reunion, and include Lieutenant Commander Wallace L. Lind, stationed at San Diego, California, Mr. and Mrs. Albert M. Lind and George A. Lind of New York City, T. B. Lind of Minneapolis, and Mrs. Charles R. Chapman of Hazen, N. D. The children of Mr. and Mrs. J. A. Lind living in Brainerd are R. L. Lind, B. T. Lind and the Misses Ethel and Hazel Lind.

This is the first time that all members of the Lind family have been together in the past twenty years, and the reunion is a very happy one.

ROOF BURNED

Interior of Home, 914 Front Street,
Was Also Badly
Damaged

Fire at about three o'clock Monday morning threatened the residence

1/2 PRICE

This sale of fine dress and tailored suits will continue until every garment is sold. They are all suits of the very highest qualities and, of course, excellent styles. Don't wait, join those who are adding a new suit to their wardrobe at a very little cost.

H. F. Michael Co.

at 914 Front street, burning the roof and interior of the house.

No one was living in the residence at the time of the fire. Howard Miles had moved out the latter part of last week, and the owner, L. M. Mahyle had intended to occupy the house within the present week.

The cause of the fire has not been determined.

On Sunday evening about 6:30 o'clock the curtains in the kitchen of the residence at 1420 East Oak st. took fire from a kerosene stove. The department was called, but the blaze was extinguished before the firemen arrived. No damage was done to the house. It is stated that P. E. Dyvik occupied the dwelling. Both southeast and central stations turned out.

CITIZENS STATE BANK OF BRAINERD

Oldest State Bank in Crow Wing County

INSURE WATER FOR WEST SIDE

Resolution Adopted by City Council
Enables Water and Light Board
to Complete Work

PAVING MATTERS DISCUSSED

City Engineer Instructed to Secure
Cash Bonds From Property
Owners on Such Streets

At the regular meeting of the city council on Monday evening, R. C. Falconer with a committee from West Brainerd, appeared in regard to the completion of water mains to that part of the city, work on which was started some time ago, but delayed on account of funds. A resolution was presented authorizing the sinking fund commissioners to take up interest coupons in waterworks bonds maturing on July 1st, 1924 in the sum of \$7,500, and that the purchase of public utility interest coupons be approved, thus giving the water and light board the opportunity to complete the water mains to West Brainerd.

The matter of proposed paving, bids for which were received at the last meeting of the council, was discussed, and the city engineer was instructed to make an effort to procure cash bonds from the property owners on the streets to be paved and to report at a meeting of the council to be called by the chair.

A letter was read from W. H. Strachan, superintendent of the Lake Superior division of the Northern Pacific railway, stating that his company cannot see the necessity of a light at the crossing in West Brainerd where Trunk Highway No. 2 crosses the tracks. This matter was taken up with the railway company some time ago, with a request that the company put in a crossing light to eliminate danger in crossing the tracks.

A petition signed by fifteen taxpayers, representing 1,150 feet of property on South Broadway, was received, requesting that the paving on that street be done with Tarmac. The petition was received and placed on file.

Applications for licenses to sell milk and cream in the city were presented by Steve Jelacic, Andrew Erickson, J. F. Strobel, Mrs. Mary Anderson and Swan Peterson. All were recommended by the city dairy inspector and on motion licenses to all were ordered granted.

10 Mushroom Lights Ordered

A letter was received from the Brainerd Foundry Company, in regard to manufacturing mushroom lights for the city, and quoting a price of \$25 each in quantities of ten or more lights. On motion ten mushroom lights were ordered purchased.

E. C. Baue and A. T. Fisher made application to operate a two-pump gasoline filling station at the corner of Thirteenth and Oak streets on lot 7, block 19, being the Babcock property. On motion the application was allowed and a license ordered issued.

The city engineer was instructed to put a traffic sign at the intersection of Thirteenth and Oak streets. This is to be a danger sign, and will not be placed in the street where it will be an obstruction.

Full Time Fire Chief

An appreciation, signed by eleven insurance agents of the city, was received endorsing the recommendation of Mayor Con O'Brien in the matter of putting a full time fire chief on to inspect buildings, basements and all fire hazards together with the extra equipment of fire apparatus. This was accepted and ordered filed.

A resolution was offered by C. H. Paine, supported by Andrew Wesley that a sidewalk six feet in width and three inches thick be constructed along the side of the following described properties: South side of lots 1 and 24, block 138; south side of lot 24, block 140; south side of lot 1, block 69; south side of lots 1 and 24, block 71; south side of lots 1 and 24, block 189; south side of lots 1 and 24, block 191. On roll call, the resolution was adopted.

Alley in Block 194

On motion the matter of an alley requested in block 194 is referred to the engineer and he is to work out some plan that will be satisfactory to all concerned.

A communication from the League of Minnesota Municipalities was read, inviting a large delegation from the local council to attend the league's annual meeting to be held this year at Detroit, Minn. The matter of naming delegates was left

until the next meeting of the council.

A representative of the W. S. Nott Co., dealers in fire fighting apparatus, appeared before the council, and invited the fire committee to inspect several pieces of apparatus which the company has in its Minneapolis office. No action was taken on the matter, the fire committee requesting more time in looking into apparatus, which was granted.

On motion carried, the street light at the corner of Maple and South Sixth streets is to be transferred to the corner of Maple and South Fifth.

Sidewalks and Streets Report

Various sidewalks and streets were reported in bad condition, including walks along the Lampert Bros. Lumber Co., on Fourth avenue between B and C streets, Elks property on Laurel street, Oak street between Sixth and Seventh streets. The city engineer was instructed to give these property owners notice to make the necessary repairs, which if not taken care of at once will be repaired by the city and the property affected assessed. The city engineer was further instructed to see that stand pipes above ground be cut down to the correct height.

Oak Street Repairs

The city clerk was instructed to write property owners on Oak street, between Seventh and Eighth streets to repair a hole in the street which has been a menace for some little time. If it is not done the city will make the repair and assess the property for the costs.

The property committee reported that a bid had been received to clean the jail for \$30, and this bid had been accepted, work to be done at once. The curbing in the alley at the rear of the fire department and the city hall was reported completed and the city's lot near the bridge on Laurel street has been cleaned up.

The council discussed the matter of curbing Pine street, a petition being received from some of the property owners asking that their names be removed from a former petition protesting against this curbing. On motion the city engineer is to prepare an estimate of curbing on East Pine street from Eleventh to Sixteenth streets.

The usual bills were allowed, subject to the approval of the finance committee. All members of the council were present except Alderman Witham.

PATEK FURNITURE CO.

ENGLAND SENDS 2 REAL FIGHTERS TO U. S.

By HENRY L. FARRELL
United Press Sports Editor

New York, June 3.—England's hope for a real world's champion fighter, abandoned almost entirely since the descent to the Joe Beckett, Frank Goddard and Bomby Wells class, has been revived and built up around two very promising middleweights.

American ring fans, who reach for the gas-mask whenever the middle-weight class is mentioned, are about ready to agree that Ted Moore and Frank Moody have a great chance to succeed Harry Greb as the title-holder and that each has the makings of a good champion.

Moody and Moore have jumped to the top of the class in this country by fighting any opponent that was offered them, something that American fighters will not do.

Every time a writer mentions a foreign fighter, British, French, Italian or South American, a certain group of American managers want to try him for treason. But as has been pointed out frequently before, these foreign fighters in vogue now command mention because they go out and force themselves into print by fighting.

The mention of the name of Larry Estridge, a fine colored middleweight, pops out perspiration on the brows of the managers of every white middle-weight contender in the country. They want not one thing of Estridge. Yet Moore took on Estridge and gave him a fine beating. Then he turned around and hammered Jamaica Kid, a colored heavyweight, all over the ring.

Managers of middleweight contenders in the American class walked out of the room when Lou Bogash was brought into the conversation. They all knew that Bogash had been through 174 fights and that he had never been off his feet.

Moody, the Britisher, didn't run away from Bogash. He took him and knocked him out. By this one victory, Moody became the outstanding challenger in the class.

Moore and Moody came to this country chasing Roland Todd, the British champion, who had refused to give them a crack at his title. They knew that they couldn't get Todd to defend his title in this country, but they had the smart hunch that they could make Todd look bad by doing better against the leading middleweights than their champion could.

Todd was not a match dodger. He started in Madison Square Garden against Tommy Loughran, one of the outstanding light heavyweights in the class, and he was robbed of a decision if a fighter ever was. He had one or more bouts after that and then signed to fight Jack Malone, the toughest middleweight in the country. Malone knocked him out in the fight and Todd went back to England.

He told his home folks that he had been treated well in this country, but that he couldn't get acclimated and was forced to leave the United States.

CARLETON ATHLETES MAY COMPETE IN OLYMPIC TRIALS

Four Carleton track men may go to Boston for Olympic trials June 13 and 14.

The four Northfield athletes along with all other first and second place winners in the midwest conference meet held at Beloit Saturday are eligible to take part in the Olympic trials.

Carleton most likely will be represented by Drill, Lufkin, Dansingberg and Sprandle. These four men walked away with honors at Beloit and have also won first and second in every meet they have been in for several years.

Drill easily won first place in the shot. Dansingberg, who broke two Minnesota records two weeks ago, easily won the 220-yard low hurdles and Sprandle lived up to his old record by copping the javelin.

St. Paul college followers are especially interested in Dexter Lufkin, star Carleton pole vaulter, who tied for second place with McAuliffe of Beloit. Lufkin, a former Central high star, graduates from Carleton this year. At Central he was one of the best track men that has ever worn the red and black.

Build Nests in Cactus

Birds of New Mexico build their nests in the spiny branches of the cactus, where their eggs are safe from the many animal thieves who are not brave enough to encounter the needle-like spines even for a delicious meal.

Accept the Present

Who knows whether the gods will add tomorrow to the present hour?—Horace.

SEALS 10 N. E. TIGERS 7

The "Seals" baseball nine, playing their second game of the season, had little trouble in disposing of the fast Northeast Tigers Tuesday evening at the Koering field by a score of 10 to 7.

The Seals somewhat handicapped by the absence of their regular battery, were able to clinch the victory by the heavy hitting of their regular players.

The victors will take on the Southeast Brainerd Pirates on Thursday evening at the Main street grounds. Games with the Seals may be arranged by seeing either Louis Hanson or Desmond Hurley.

HEALING CREAM IS A QUICK RELIEF FOR NASTY HEAD COLDS

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffling stop. Don't stay stuffed up and miserable.

Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

Minnesota Baseball

St. Cloud—The locals defeated Sauk Rapids by a 17 to 6 score. The game was called at the end of the eighth inning on account of the 6 o'clock state law.

Clear Lake defeated Richmond by a 5 to 12 score. Clear Lake and St. Cloud, both undefeated, clash next Sunday.

St. James—St. James won from

New Richmond by a 9 to 4 count. It marked the first victory of the league season for the locals.

Little Falls defeated Long Prairie by a 11 to 10 count.

Mason City, Ia.—"Swede" Risberg, and his Rochester team were defeated here by a 3 to 1 score. The locals retained the leadership of the Southern Minnesota-Iowa league.

Blooming Prairie, Minn.—Owatonna defeated Blooming Prairie by a 4 to 3 score in an exciting ball game here Sunday.

AMUSEMENTS

Mae Murray in "Fashion Row" at New Park Wednesday and Thursday

What is the final evidence, on which to judge the perfection of feminine pulchritude?

Many and varied are the opinions on this long-mooted question, for on this question it is, as long as there continues to be controversy on the precise nature of the points which one considers in judging woman's com-

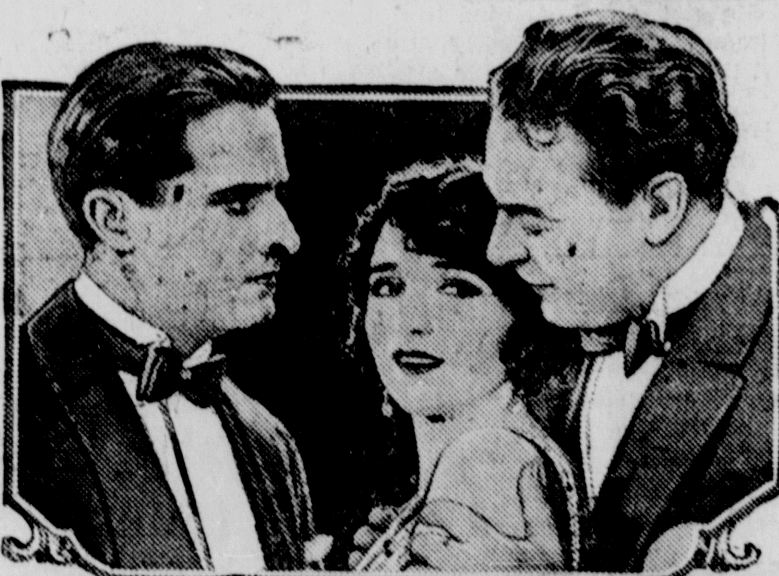

liness. Philosophers have turned from philosophy to argue it. Kings have forsaken affairs of state to enjoy it. Poets have immortalized themselves glorifying it. And artists and actresses and beauty experts have almost come to blows over it.

From Kitty Gordon we are told that the back is the acme of feminine beauty, from Audrey Munson that a dimple in the right knee—or was it the left knee?—is the beginning and end of loveliness. Arms, legs, feet, and torso, mouth, eyes, nose and ear, all have their champions who avow that on one or the other must be based all claims to beauty. So to settle the question for once and all we went to Mae Murray, the star of Metro pictures, whose new production of "Fashion Row" certainly allows Miss Murray opportunity to display every conceivable charm of woman. "Fashion Row" will come to the New Park beginning Wednesday, and Miss Murray will give us the shock of our life.

"Backbone" is Thrilling Story of the Frozen North

A thrilling and romantic love story that defied the centuries is told in "Backbone," from the pen of Clarence Budington Kelland, which will come to the Lyceum on Wednesday and Thursday. By the magnitude and power of the great love story he has drawn, Mr. Kelland has risen to new heights as a writer of fiction.

James Rennet, Bebe Daniels and Mahlon Hamilton in a scene from the Paramount Picture "His Children's Children" A Sam Wood Production

The sensational jazz special which has drawn its last showing at the Lyceum tonight.

YOUNGEST COLLEGE COACH SEEKING TRACK TITLE FOR LELAND STANFORD'S TEAM

"Dink" Templeton went from California to the Harvard Stadium with high hopes that his Leland Stanford track and field team would win the intercollegiate championships. He is the youngest college coach in the country, having been appointed after his graduation from the Stanford Law School. In his student days he was a star in the broad jump, the high jump and other field events.

Boobs

There are oceans of boobs, but you notice that they are always folks who differ from you in opinion.

FEEL BETTTER IN FEW HOURS OR NO COST!

This is the time of year when your liver becomes sluggish and your intestines become clogged up with poisonous waste. Your liver does not properly purify blood that flows to your skin. The result is sallow complexion, dark circles and pimples. As these poisons continue to flood your system, your resistance is lowered, you feel dull and tired and sick.

Make this test! Cleanse and tone your liver with Dr. Thacher's Liver and Blood Syrup. Contains pure ingredients prescribed by Physicians. Helps nature strengthen your stomach, soothe the tired and over-taxed nerves, brace up system and purify your blood. Notice quick difference in way you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's is sold and recommended by Johnson's Pharmacy in Brainerd.

NOTICE TERMINATING CONTRACT FOR DEED

To Walter A. Cochran: You are hereby notified that you are in default under the terms of that certain contract for deed dated March 20, 1918, by and between the Shawmut Company, Myers Brothers Company, Pennington Iron Land Company, Gopher Iron Company, all corporations created and existing under and by virtue of the laws of the State of Minnesota, Albert L. Orlean and Louise H. Orlean, his wife, and John D. Lamont, and Grace W. Lamont, his wife, the sellers, and Walter A. Cochran, the buyer, which said contract for deed affects the following described premises in Crow Wing County, Minnesota, to-wit: Lot Seven (7), Block Ten (10), Morningside Park, according to the recorded plat thereof, saving and reserving from this grant, all minerals, rocks, ores upon or beneath the surface of said land or any part thereof, together with the right to enter and remove the same.

Said default consists in your failure to make, as agreed in said contract for deed, those certain payments, of Ten dollars (\$10.00) each, due on the 20th day of each and every month from the 20th day of June, 1919, to the 20th day of March, 1920, inclusive, amounting in all to One Hundred Dollars (\$100.00) and your failure to pay, as agreed in said contract for deed, the taxes for the years 1920 to 1922 inclusive, amounting together with penalties and interest thereon, to \$14.48 on March 7th, 1924.

You are hereby further notified that the above described contract for deed will terminate Ninety (90) days from the date of the service of this notice upon you, unless prior to the expiration of said ninety days you shall have made the payments hereinabove stated and shall have paid the said taxes, together with the costs of serving this notice upon you.

Dated this 16th day of May, A. D. 1924.

ENGLAND SENDS 2 REAL FIGHTERS TO U. S.

By HENRY L. FARRELL
United Press Sports Editor

New York, June 3.—England's hope for a real world's champion fighter, abandoned almost entirely since the descent to the Joe Beckett, Frank Goddard and Bobby Wells class, has been revived and built up around two very promising middleweights.

American ring fans, who reach for the gas-mask whenever the middleweight class is mentioned, are about ready to agree that Ted Moore and Frank Moody have a great chance to succeed Harry Greb as the title-holder and that each has the makings of a good champion.

Moody and Moore have jumped to the top of the class in this country by fighting any opponent that was offered them, something that American fighters will not do.

Every time a writer mentions a foreign fighter, British, French, Italian or South American, a certain group of American managers want to try him for treason. But as has been pointed out frequently before, these foreign fighters in vogue now command mention because they go out and force themselves into print by fighting.

The mention of the name of Larry Estridge, a fine colored middleweight, pops out perspiration on the brows of the managers of every white middleweight contender in the country. They want not one thing of Estridge. Yet Moore took on Estridge and gave him a fine beating. Then he turned around and hammered Jamaica Kid, a colored heavyweight, all over the ring.

Managers of middleweight contenders in the American class walked out of the room when Lou Bogash was brought into the conversation. They all knew that Bogash had been through 174 fights and that he had never been off his feet.

Moody, the Britisher, didn't run away from Bogash. He took him and knocked him out. By this one victory, Moody became the outstanding challenger in the class.

Moore and Moody came to this country chasing Roland Todd, the British champion, who had refused to give them a crack at his title. They knew that they couldn't get Todd to defend his title in this country, but they had the smart hunch that they could make Todd look bad by doing better against the leading middleweights than their champion could.

Todd was not a match dodger. He started in Madison Square Garden against Tommy Loughran, one of the outstanding light heavyweights in the class, and he was robbed of a decision if a fighter ever was. He had one or more bouts after that and then signed to fight Jock Malone, the toughest middleweight in the country. Malone knocked him out in the fight and Todd went back to England.

He told his home folks that he had been treated well in this country, but that he couldn't get acclimated and was forced to leave the United States.

CARLETON ATHLETES MAY COMPETE IN OLYMPIC TRIALS

Four Carleton track men may go to Boston for Olympic trials June 13 and 14.

The four Northfield athletes along with all other first and second place winners in the midwest conference meet held at Beloit Saturday are eligible to take part in the Olympic trials.

Carleton most likely will be represented by Drill, Lufkin, Dansingberg and Sprandle. These four men walked away with honors at Beloit and have also won first and second in every meet they have been in for several years.

Drill easily won first place in the shot. Dansingberg, who broke two Minnesota records two weeks ago, easily won the 220-yard low hurdles and Sprandle lived up to his old record by copping the javelin.

St. Paul college followers are especially interested in Dexter Lufkin, star Carleton pole vaulter, who tied for second place with McAuliffe of Beloit. Lufkin, a former Central high star, graduates from Carleton this year. At Central he was one of the best track men that has ever worn the red and black.

Build Nests in Cactus

Birds of New Mexico build their nests in the spiny branches of the cactus, where their eggs are safe from the many animal thieves who are not brave enough to encounter the needle-like spines even for a delicious meal.

Accept the Present

Who knows whether the gods will add tomorrow to the present hour?—Horace.

SEALS 10

N. E. TIGERS 7

The "Seals" baseball nine, playing their second game of the season, had little trouble in disposing of the fast Northeast Tigers Tuesday evening at the Koering field by a score of 10 to 7.

The Seals somewhat handicapped by the absence of their regular battery, were able to clinch the victory by the heavy hitting of their regular players.

The victors will take on the Southeast Brainerd Pirates on Thursday evening at the Main street grounds. Games with the Seals may be arranged by seeing either Louis Hanson or Desmond Hurley.

HEALING CREAM IS A QUICK RELIEF FOR NASTY HEAD COLDS

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffling stop. Don't stay stuffed up and miserable.

Get a small bottle of Ely's Cream Balm from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.
